

COLONEL BRYAN SWINGS TO WILSON; PANDEMONIUM REIGNS AS COMMONER DENOUNCES NEW YORK DELEGATION; CONVENTION STILL IN A DEADLOCK

AFTER FOURTEENTH BALLOT
WITH LITTLE CHANGE IN FIG-
URES NEBRASKAN AGAIN
DENOUNCES INTERESTS
AND CHANGES VOTE.

BREAK NOW EXPECTED

Great Confusion in Democratic Con-
vention Hall After Fourteenth
Ballot Which Results in
Practically No Change.

[BY ASSOCIATED PRESS.]
Baltimore, Md., June 29.—The
fifteenth and sixteenth ballots
resulted in no change, the vote remain-
ing about the same. Bryan's demon-
stration in changing his vote as yet
failed to precipitate a break.

The total vote on the fifteenth bal-
lot was as follows: Clark, 552; Wil-
son, 362; Underwood, 110; Har-
mon, 29; Marshall, 30; Bryan, 2;
Kern, 2.

BALTIMORE, MD., June 29.—The
total vote on the 14th official ballot
was: Clark, 552; Wilson, 362; Un-
derwood, 110; Harmon, 29; Marshall,
30; Bryan, 2; Kern, 2.

The convention hall was again the
center of intense animation and ex-
pectancy as the hour for resuming the
balloting drew near. Chairman James
rapped for order at 1:00. Gossip on
the floor was that the popular prej-
udice against the "13th" roll call would
prevent any material change in the
vote on that ballot. It was also said
that the "unlucky Friday" superstition
last night prevented shifts that
might have made a nomination possi-
ble.

The 13th and 14th ballot showed no
change and no material change from
the 12th. During the 14th ballot
Chairman James surrendered the
gavel to William Sulzer of New York
and went to the floor. He conferred
with Senator Stone of the Clark forces
and then hurried about visiting the
various delegations.

When Nebraska was reached on the
14th ballot William J. Bryan demanded
a poll of the delegations. He was the
first name called. "I asked for an
opportunity to explain my vote and a
moment of silence,"

"Vote! Vote! Vote!" shouted the
delegates.

Bryan, standing on his chair, with
one hand resting on the Nebraska
standard, raised over the crowd. He
sawing a big palm leaf fan as the
tumult continued.

"For what purpose does the gentle-
man rise," demanded Sulzer from the
chair.

"As long—" began Bryan, and a
wave of noise overwhelmed him.

Senator Stone of Missouri made an
effort to secure unanimous consent
that Bryan be allowed to make a
statement. A roar of dissent greeted
the request when Sulzer announced
that "the chair hears no objection."

Bryan made his way to the platform
through the shouting mob. In the
audience a round of cheers greeted
him as he took the platform.

"I shall not be a party," declared
Bryan, "to the nomination of any man
who will not be absolutely free to car-
ry out the anti-Morgan-lynn-Holmont
resolution and make his administration
reflect the government of, for and
by the people. I shall withhold my
vote from Mr. Clark as long as New
York votes for him."

Governor McCorkle of West Vir-
ginia interrupted to ask "if the no-
mination of a democratic candidate is
made with the vote of New York, will
you then support the candidate?"

As Bryan began to answer a dele-
gate shouted, "Are you a democrat?"

This shouted the Commoner and he
shouted, "If that man will give you
his name I will record it beside that
of Morgan, McKim, Belmont
and Ryan." Answering McCorkle, Mr.
Bryan said it was a different thing to
oppose a man in a convention plat-
form than after a convention. Nothing
he said, would justify the supposition
that he would not support the nominee.

"Would you support Clark, Wilson,
Harmon, Underwood, Marshall, Kern
or Foss if one of them received a two
third vote of this convention includ-
ing the vote of New York?" asked Gov-
ernor Brower of Missouri.

"I deny the right of the gentleman
to ask such a hypothetical question
unless he put into the question every
material and relative element of the
issue."

Knox of Alabama was on his chair
shouting protests against the arbitrary
continuance of Bryan's speech.

"Officers will seat that man" was
shouted from the platform as Knox
vehemently shook his fist and con-
tinued his protest while pandemonium
reigned on the floor and in the gal-
leries. Adding to the confusion the
police ejected an intruder who was
mistaken by the crowd for a delegate.

"I expect to support the nominee of
this convention," exclaimed Bryan, "I
do not expect any man to be nomi-
nated here who would permit a part-
nership between Morgan, Ryan and
Belmont and himself, but I am not
called upon to give a bond to meet an
issue before the conditions surround-
ing it are definitely turned."

Bryan closed with the declaration
that he would cast his vote for Gov-
ernor Wilson, while cheer after cheer
rolled from the galleries and floor,
overwhelming the voices of protest
and hisses here and there amid the
confused uproar. Bryan made his
way back to the Nebraska delegation
having thus added another sensation
to the convention's proceedings.

The democratic national convention
was again in session this afternoon to
break the deadlock on the nomination
of a presidential candidate. Immedi-
ately after convening the 15th bal-
lot was taken without result.

It seemed to be generally accepted
that choice under the two thirds rule
was a long way off. It was reported
that Chairman James during the day
might from the platform advocate the
abrogation of this rule.

Senator Lou floor leader of the pro-
gressives asserted a nomination would
mean nothing unless made by two
thirds of the delegates; also that it
would require a two-thirds vote to sus-
pend the rules to permit a majority
nomination and Chairman James when
asked about the report said he had
talked along the line indicated, but he
felt sure a nomination would be given
to Clark in view of the majority vote
received by him.

It was the general feeling that if
Clark wins he must win quickly. A
continued deadlock was the one thing
which might destroy the commanding
lead he had already established.

The problem before the Clark
forces was twofold: first to hold their
present strength intact against defection,
and second to add 17 1/2 votes
to his 519 shown on the 12th ballot
to give him the necessary two-thirds

majority, and it was well toward noon
before the work of consultation, con-
ference and caucus was in full swing.
The early birds, which included
Chairman James, were again singu-
larly that a decisive ballot would be
reached today and the convention
would conclude its labors tonight.
Already the exodus from Baltimore
had begun and placards at every hand
announced special trains carrying
away large parties which had come
to see a candidate chosen.

It was the general feeling that if
Clark wins he must win quickly. A
continued deadlock was the one thing
which might destroy the commanding
lead he had already established.

The problem before the Clark
forces was twofold: first to hold their
present strength intact against defection,
and second to add 17 1/2 votes
to his 519 shown on the 12th ballot
to give him the necessary two-thirds

COLONEL BRYAN STARTS ANOTHER BIG DEMONSTRATION THIS AFTERNOON

William J. Bryan.

He said if Wilson or any other man
should at some time receive a majority
and fall of nomination then it might be
necessary to change the rules and that
the convention had the power to do so.

No breaks developed on the thir-
teenth ballot, the strength of the candi-
dates remaining practically the same
as on the 12th ballot. Governor Foss
of Massachusetts made his appearance
in the balloting with two votes from
Ohio.

The thirteenth ballot official total
was 1088; Clark, 554; Wilson, 364;
Underwood, 110; Harmon, 29; Mar-
shall, 30; Bryan, 1.

Worked with their second struggle
lasting practically all night, the lead-
ers and main body of delegates were
late in making their reappearance at
the main centers of activity this

morning. The first problem was not a mem-
bering one, but it had its difficulties. The
50 New York votes with Clark from
the 10th to the 12th ballot were not
regarded as dependable if the struggle
was prolonged as the New York
delegates were still feeling their way
ready to stand by Clark to concentrate
the field, but not to remain with him in-
definitely in a prolonged contest.

Outside the New York acquisition
the main body of Clark men were
holding together well although it was
said some of them who formerly had
strong Bryan affiliations might de-
velop a tendency to try Wilson if the
contest was prolonged. These con-
siderations led the Clark men to head

CHAMP CLARK STAYS AWAY FROM BALTIMORE DAUGHTER GOES, TAKING CLARK BUTTONS

Genevieve Clark distributing Clark buttons at Baltimore.

Champ Clark was not seen in Baltimore during the democratic con-
vention, but his daughter Genevieve was right on the job. She is shown
in the accompanying picture pinning Clark buttons on visitors and dele-
gates. Her enthusiastic efforts in her father's behalf at Baltimore de-
lighted many who saw her.

all their energies to finishing the
contest quickly.

The Underwood forces were looked
upon as playing an important part in
the present critical stage of the bal-
loting. They were standing solidly
with no evidence of wavering during
the early hours. But their 123 votes
on the 12th ballot made them in a
sense the key in the Clark situation
for with them the Clark total would
be augmented well along toward the
necessary two-thirds.

But at the Underwood headquarters
there was not the slightest indication
of directing the vote as a balance of
power among the other candidates.

The sole idea was to keep the Under-
wood forces together in the belief that
it would gather strength from all
quarters in case a break came from
the candidates now in the lead. Re-
ports were current early today that
if Underwood would stop aside for
Clark the majority leader of the
house would be named for the speak-
ership. Clark's supporters would not
say whether these reports had any
basis, but admitted that the Under-
wood people now held the key to the
situation.

There is authority for a statement
made today by a member of Tam-
many hall and concurred in by lead-
ers of Speaker Clark's campaign, that
the New York vote would never go to
Wilson and that Tammany hall would
even prefer Bryan to the New Jersey
governor.

The Harmon strength, now reduced
to 29 on the 12th ballot, was also
looked upon as a possible acquisition
to Clark, for while the Ohio loyalty
to Harmon is undoubted, yet it was
not expected to hold out indefinitely
with the Harmon total rapidly falling
off.

The statement of W. J. Bryan that
the New York vote had Harmon's
chances, was discussed generally to-
day and it was urged by those oppos-
ing Speaker Clark that this might ap-
ply also to the Clark movement.

National Committeeman James
Weatherly of Alabama, said today:
"This is the most unemotional con-
vention I have ever known. No candi-
date has a right to refuse New
York's vote. The time for such trans-
cendentalism has long passed."

The prospect for a dark horse
loomed up with increasing force in
case the struggle was to be prolonged
and the names of Kern and Gaynor
were among those most prominently
mentioned. Thus far, however, there
has been no organized movement to-
ward any of the men in the back-
ground.

One of the flying reports of the
morning was that a Clark and a Gay-
nor ticket might be arranged.

Senator Bankhead of Alabama,
chairman of the Underwood cam-
paign, today said: "We have the key
to the situation and they must come
to us."

William J. Bryan slept late this
morning and a card placed on his
door, on which was written "Mr.
Bryan is asleep, please don't knock,"
turned away many visitors. Mr.
Bryan declined to talk about proba-
ble nominations before he retired.

Clark Confident.

Washington, D. C., June 29.—"I'm
going to read the returns until 1 hour
I'm nominated," said Speaker Clark
today. The speaker was back at his
desk at the capitol before noon en-
gagingly reading the returns from Bal-
timore.

GO OUT ON STRIKE

Leaders Absent Fifteen Thousand Men
Will Be Out by Nightfall—Include
Deckhands and Firemen.

[BY ASSOCIATED PRESS.]
New York, June 29.—Leaders of the
coastwise seamen's union called a
strike shortly after 10 this morning.
During the evening hour only four
boats were affected. The strikers in-
clude deckhands, marine firemen and
the officers and the leaders assert that
15,000 men will be out by nightfall
and that all Atlantic coast shipping
will be tied up.

MURDER COMMITTED
SEVEN YEARS AGO

[BY ASSOCIATED PRESS.]
Milwaukee, June 29.—That a mur-
der was committed in Milwaukee
seven years ago is what says Cor-
oner John E. Sommer, Marquette uni-
versity, who examined the liver and
stomach of Julius Grunke, first hus-
band of Mrs. Louise Lindoff held in
Chicago on the charge of murder.

TACOMA'S SUMMER CARNIVAL
IN PROGRESS NEXT WEEK

[SPECIAL TO THE GAZETTE.]
Tacoma, Wash., June 29.—The
Montana Pacific, Tacoma's mid-
summer carnival, is at hand and vi-
sitors are pouring into the city by
hundreds from the Northwestern
States and Canada, with a liberal
sprinkling of tourists from the East.
The festival programme will be ad-
hered to tomorrow afternoon with a
sacred concert in the great Stadium,
participated in by more than 500
voices. King Tukomah, his Queen
and court will make their triumphal
entry into the city Monday. For the
remainder of the week the program
calls for a series of elaborate out-
door spectacles in the Stadium, in-
cluding parades and historical pic-
tures, trap-shooting contests and
athletic and aquatic competitions,
concluding on the last two days of
the week with the first automobile
road race ever held in the Pacific
Northwest.

TARIFF BOARD CEASES TO
EXIST; NO FURTHER MONEY.

[BY ASSOCIATED PRESS.]
Washington, June 29.—The tariff
board went out of existence today be-
cause congress has refused further
money for its work.

Twelfth	547 1/2	354	29	123	..	30	1	1	2 1/2

[BY ASSOCIATED PRESS.]
Baltimore, E. O. S., Baltimore, Md.,
June 29.—Giving up all attempt to
break the existing deadlock, the lead-
ers in the democratic party at 3:05
o'clock this (Saturday) morning de-
clared upon an adjournment until one
o'clock in the afternoon in the hope
that some sort of an agreement might
be reached as to a presidential nomi-
nee. Many of the delegates protest-
ed against the delay caused by the
adjournment, but apparently there
was no hope of settling the nomi-
nation by conferences on the convention
floor.

In the twelve ballots that were taken
Champ Clark made a sensational gain
in the tenth when New York's solid
block of 90 votes went to him on this
ballot. Mr. Clark's total reached a
high water mark of 554—a clear ma-
jority but 17 1/2 votes short of the
necessary two-thirds to nominate. On
the 11th and 12th ballots Clark fell
away to 547 and 549.

Gov. Woodrow Wilson held his
forces steadily together and during
the night voting there were but slight
fluctuations in his totals. Votes
lost in some delegations were made
up in others. Mr. Wilson's last vote
was 354.

Gov. Harmon on the last ballot
dropped to 29 votes cast by members
of the Ohio delegation. New York's
desertion brought the Ohio executive
down to 29.

The long night and early morning
session was marked by several noisy
demonstrations. The first visible
noise came from the Clark adherents
when New York shifted to the speak-
er. Then came a counter demonstra-
tion from the Wilson people when ten
Wilson delegates from Oklahoma de-
clared they would not "be dragged in-
to Tammany hall."

The New York vote, cast by Mr.
Murphy, was nearly always greeted
with mingled hisses and cheers.

Leaders in the convention viewed
the situation with some concern
when the night session was ad-
journd. The Clark strength seemed
to have been fully tested and he was
still far short. Gov. Wilson did not
make the gains that his managers ex-
pected. There was a report at ad-
journment time that the New York
delegation had agreed to vote for
Clark only on three ballots giving the
speaker a full opportunity to display
his greatest strength. It was also
said that New York next would go to
Underwood. This was given as a fur-
ther test of the ability of Wilson to
hold his votes. If he continues to do
so, New York eventually may go to
him.

The Clark people declared they
have sufficient "rock ribbed" votes to
prevent the nomination of any other
man.

The situation was apparently as
badly mixed as ever as the third dele-
gates filed out of the convention hall
shortly before daybreak this morning
to seek a little rest before going on
with the struggle in the afternoon.

ROOSEVELT IS LIKE LOT
DECLARES EMIL SEIDEL

Milwaukee Socialist Says Colonel
Promises to Save People From
Trusts and Then Turns
Back.

[BY ASSOCIATED PRESS.]
Appleton, June 29.—Emil Seidel,
former socialist mayor of Milwaukee,
in his address on "Dollar or Man—
Which?" which he has been deliver-
ing throughout the Fox River valley
last night attacked Theodore Roose-
velt, calling him a faker. He com-
pared the colonel with Lot and his
family when they were driven out of
the city of Sodom and Lot's wife
turned back and was turned into a
pillar of salt. "Just so it is with Ted-
dy," he says he will smash this great
problem that confronts the poor peo-
ple today and the trusts. It goes
only so far and then turns back to fa-
vor them," he said.

crete country road built in Wisconsin
which is being built as an experiment
under the direction of the state high-
way commission is now being con-
structed between Appleton and Men-
asha.

ATTACK IS PLANNED ON MEXICAN REBELS

Federal Forces Will Prevent Rebel
Flight and Expect Engagement
Not Before Three Days.

[BY ASSOCIATED PRESS.]
At Gen. Huerta's Headquarters,
Ortiz, Mex., June 29.—With the en-
tire rebel army fortified at Bachimba,
fifteen miles north of here, the fed-
eral strategists have mapped out a
plan aimed to prevent a get-away by
the rebels. It is believed that there
will be no fighting for at least three
days. This time is needed to give the
cavalry detachment, but opportunity
to assume designated positions. The
federal advance guard has reached
Cansulco a few miles south of Bach-
imba.

CORNELL WINS FOUR OAR AND FRESHMEN EIGHT OARED RACE

Wisconsin Second in Freshman Eight
Oared Race—California Second
in Four Oar Event.

[BY ASSOCIATED PRESS.]
Poughkeepsie, June 29.—Cornell
won first place in the varsity four-oar
and freshman eight-oar races this af-
ternoon. California was a close sec-
ond in the four-oar event, being but
two lengths behind the winner. Sym-
cino was third; Pennsylvania, fourth.
The official time for the course was
16:31 1/2. The time of the different
crows was: California, 10:11 1/2; Sym-
cino, 10:58 3/4; Pennsylvania, 11:23
3/4.

Wisconsin was second in the fresh-
man eight-oar race, being distanced
by half a length. The time of the
winner, Cornell, was 9:31 1/2; Wiscon-
sin 9:55 3/4; Syracuse, 9:42 3/4; Penn-
sylvania, 9:40 3/4; California, 9:47.
The record of the course is 9:11 3/4,
made by the Cornell eight in 1909.

SUIT FOR MILLION
AGAINST ICE KING

Charles W. Morse Defendant in Ac-
tion Brought by New York
Assets Realization
Company.

[BY ASSOCIATED PRESS.]
New York, June 29.—A million dol-
lar suit against Charles W. Morse, the
former "ice king" whom President Taft
pardoned from serving out his term in
the federal penitentiary at Atlanta,
was begun here today by the New
York Assets Realization company
which alleges that Morse is a debtor
to at least that amount. United
Copper company stock, about 17,000
shares, Morse in the complaint which
states that Morse purchased the stock
from Arthur P. Helms with an agree-
ment that he, Morse, was not to sell
it for two years. This purchase the
plaintiff alleges, was made in January
1907. In October came the panic and
according to the complaint, Morse
violated his agreement by selling some
of the stock thereby lowering the mar-
ket price of the company's common
stock and causing a loss of more than
\$1,000,000 to Helms. The latter has
since assigned his claim to the com-
pany which is now suing Morse.

SUFFRAGISTS' WORK
TO GET SIGNATURES

Illinois Workers Start on Campaign to
Secure 100,000 Names on
Petition for Ballot.

[BY ASSOCIATED PRESS.]
Chicago, Ill., June 29.—Suffrage
workers armed with the public policy
petition providing for more than one
amendment to the state constitution
each year and for equal suffrage have
started a canvass of Chicago. It is an
effort to obtain the 100,000 signatures
before fall.

Plans were made to continue today
an invasion of the downtown district
begin yesterday. The workers will
visit office buildings, department
stores, railway stations, restaurants,
railway yards, hotels and places
where signatures may be had.

It is planned to tour

Are You Planning A Lake Trip This Summer

A Lake Trip this summer is included in the plans of a great many people, or, perhaps, it will constitute the vacation for a large number and in this connection THE GAZETTE TRAVEL BUREAU is in position to render valuable service, inasmuch as it has received the latest folders from almost every steamship company in the country.

In this literature are featured the places of interest on the route, with length of trip, rate for return trip, or, if it is desired to travel one way by rail and return by water, the expense of such a trip can also be ascertained. Whether the trip is to Mackinac and the Soo, from there to Niagara by way of Detroit, Cleveland, and Buffalo; or to The Soo returning by way of Duluth, you need not be in doubt as to the expense of the trip so far as transportation is concerned. There are also embodied in this literature the names of hotels with rates for board and room at the various cities and towns which the traveler may visit.

Famous Musician.
Arrigo Boldi, who has just been nominated by King Victor Emmanuel of Italy as one of the new senators, is famous as a musician, and well-known as a composer and writer. He is a native of Padua, but Milan is his home by adoption. There he won his first success in 1862. His "Mephistopheles" is the work by which he is best known to the general public.

BRANCH OFFICE FOR GAZETTE AT BAKER & SON.
For the convenience of its patrons and the public generally, The Gazette has opened a branch office with the J. P. Baker & Son drug store, corner West Milwaukee and Franklin streets.
Copy for classified advertisements, orders for papers, subscriptions and matters of this nature, as well as names of news may be left at the Baker drug store, and will receive the same prompt attention as if they were sent direct to the office.
Either telephone number to call to reach the Baker drug store if it is desired to call them in connection with The Gazette's business.

MISS MARCIA ROGAN HOSTESS AT SHOWER

Entertained A Number of Young Ladies Last Evening in Honor of Miss Ethel Pond.

Miss Marcia Rogan entertained last evening at a seven o'clock dinner and china shower in honor of Miss Ethel Pond of Madison whose engagement to Matthew Patterson was recently announced. The affair was given at the tea shop and decorations were in pink roses and sweet peas.

The guests were the Misses Mildred Doty, Vera Nolan, Eloise Elford, Marguerite Bostwick, Jessie Moniz and Ethel Pond of Madison; Muriel Burton of Rockford, Ill., and Ruth Wintermiller of Kibbourn, Wis.

This evening Miss Jessie Moniz will entertain for Miss Pond at her home near Johnstown.

LAY WILLIAM BUOB TO REST TOMORROW

Funeral Services for President of Buob Brewing Company Will be Held at Home Tomorrow.

Last services for the late William Buob, president and manager of the Buob Brewing company will be held at the home, 639 South Main street.

WILLIAM BUOB.
at 2:30 o'clock tomorrow (Sunday) afternoon. The Rev. William P. Brown, pastor of the Presbyterian church at Beloit, and a former Janesville pastor, will officiate. The pallbearers will be members of the Elks and Eagles lodges, of which Mr. Buob was a member.

Mrs. D. C. Burdick.
Funeral services for the late Mrs. D. C. Burdick will be held at the home, 225 South Franklin street, at 1:30 o'clock Monday afternoon. The body will be taken to Milton for interment.

SHOWER FOR MRS. MEYER BY MILTON JUNCTION CLUB

(Special to the Gazette.)
Milton Jct., June 28.—In place of the regular B. G. club meeting last night, the club held a traveling shower for Mrs. Alfred Meyer, who was married last Wednesday. It was held at the home of Miss Laura and Gertrude Stone. A fine luncheon was served. Mrs. Meyer received many useful presents.

Mrs. S. G. Bond was called to Janesville yesterday by the death of her sister Mrs. Burdick.

Miss Olive Shadel is at Wausau attending the S. D. A. camp meeting.

Rev. O. S. Mills is visiting at Plainfield, Wis.

The Ladies Aid society of the M. E. church met Friday afternoon with Mrs. H. Crall.

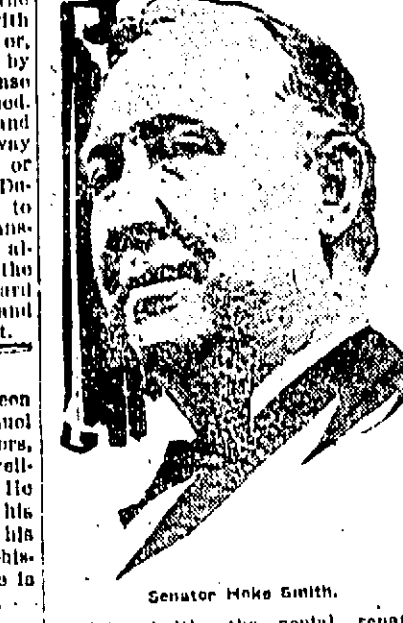

Mrs. Anderson of Lake Mills, Wis., is visiting her sister, Mrs. E. E. Davy. Dr. Loethman and family went to Charley Huff yesterday for an outing.

Miss Hazel Chaffield is visiting relatives at Albion.

Mr. and Mrs. Alfred Meyer have returned from Broadhead.

A. M. Thorpe and family went to the lake today for a month's stay.

GEORGIA SENATOR VERY, VERY HAPPY

Senator Hoke Smith.
Hoke Smith, the genial senator from Georgia, is very happy these days at the prospect of Democratic success. At Baltimore, where the accompanying picture was taken and where Smith was a prominent figure during the convention, his bright smile proved catching. Perhaps all those Democrats would have smiled, anyway, since the Republican power at Chicago was an event of recent memory.

The military team representing the United States today won the international army rifle shooting team competition at the Olympic games with a grand aggregate score of 1,688.

LOST APPETITE AND HOPE

Neglected Cold Caused Complication, Promptly Restored by Peruna.

Mrs. Rosa Doyor.
a month I felt better than I ever had before.

In the baker shops and is going to Virginia where he will engage in orcharding and expects to make that state his permanent home.

Mildred Hall has returned from her visit with relatives in the north part of the state. Miss Ellen Hall who accompanied her has gone to St. Paul for a few days' visit with friends there, after which she will go to Janesville for a short visit and then return to her uncle, Mr. Fred Hall, where she will spend the remainder of the summer.

CENTER

Center, June 27.—The severe hail storm which visited this section a week ago last Thursday damaged the crops materially. Some lost their tobacco plants entirely. Unless the weather conditions are more favorable the corn crop will not reach the knee high mark by the fourth of July this year.

Mr. and Mrs. Alvah Tracey welcomed a little daughter to their home Thursday, June 25. Also the home of Mr. and Mrs. Seth Crall was brightened by the advent of a little daughter, June 24.

Misses Emily and Dorothy Barlow visited with Miss Margie Silverthorn in Evansville over Sunday, returning home Monday.

Mr. and Mrs. J. S. Roberts were visitors at the home of the latter's sister's family, Mr. and Mrs. George Nichols, in the town of Porter, Sunday.

Mr. and Mrs. Fred Fuller and Mr. and Mrs. Harry Barlow were pleasantly entertained at the home of R. O. Shaw in Beloit, last Sunday. The party was in honor of four members of the family whose birthdays occur between the 20th and 26th of June.

Friends of Misses Amanda Adee and Justin Crall are glad to know they were not seriously injured in the runaway which they had last Wednesday morning.

The Misses Edith and Blanche Poynter of Richland Center are visitors at the home of their uncle, W. S. Poynter, and family.

Mr. and Mrs. John Fisher attended church service in Janesville last Sunday.

Miss Corn Fisher finished the two years' course at Whitewater. Normal last week, returning home Friday. Miss Mary Fisher is attending summer school at Whitewater.

DON'T RUN
Got a good watch to run for you, and be sure of your minutes. An accurate reliable time-keeper can be bought now for a very little money. Come in and examine our stock.
OLIN & OLSON, Jewelers

No Use Trying.
"Live with your income," says Andrew Carnegie. We could do it if the people next door didn't insist on having so many things we can't afford.

Daily Thought.
We live in an ascending scale when we live happily, one thing leading to another in an endless series.—Robert Louis Stevenson.

Chinese Pickpocket.
For the first time in the history of the San Francisco police department a Chinese is under arrest here on the charge of pocket picking. Ah Chong is the man. He was seen by a passing policeman wrestling in the street with a Greek citizen. In his possession was the gold watch the Greek claimed had been lifted from his pocket, so "grand larceny" was written opposite Ah's name in the book of the city prison.—Stockton Mail.

Sunday Dinners
DINING IN COMFORT
At The Hotel Myers

To take Sunday dinner at The Myers is to dine in peace and comfort, and with thorough enjoyment. Being on the second floor and thoroughly ventilated it is naturally cooler than places to dine on a level with the street. And then, electric fans keep a cooling breeze constantly circulating.

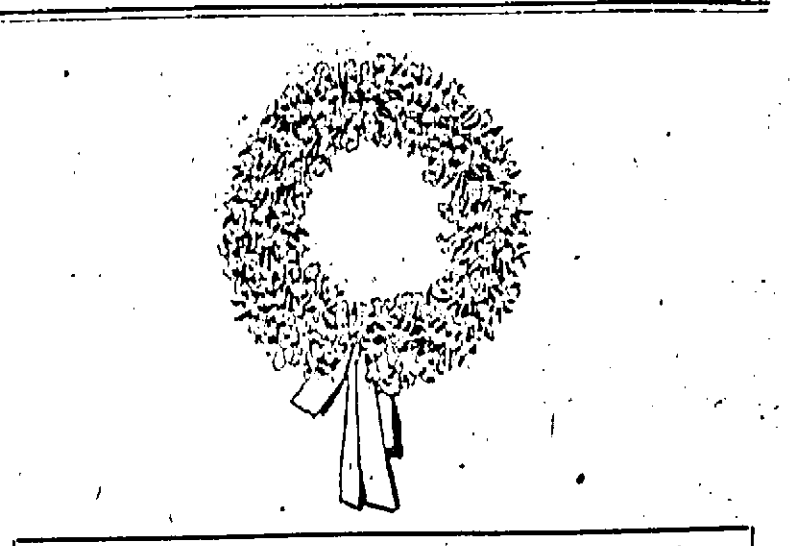

Sunday dinner 50c the plate.

Rest More This Summer
Two extra hours daily out of your kitchen during July and August weather rest you more than Weeks of mountains or sea

YOUR REAL VACATION COMES AT HOME
surrounded by real comforts and conveniences

Think of the miles of steps each day the Hoosier Kitchen Cabinet saves. How much more pleasant your kitchen with this compact labor-saving machine at your service instantly any minute of the day.

TODAY'S EVANSVILLE NEWS

ORDINANCE RELATES TO OILING STREETS
Evansville City Council Takes Action Yesterday Contemplating Immediate Work.
[BY ASSOCIATED PRESS.]

Evansville, June 28.—At a special meeting of the city council which was called Friday afternoon, an ordinance was passed relating to the oiling of the streets. The oiling attachment for the water wagon, which was ordered some time ago, has not arrived and consequently the process of oiling the streets has been delayed. However word has been received that the company will start another attachment by express if the first one is not received very soon.

The work of grading the streets has been suspended owing to lack of rain, as the ground is so dry as to make it impossible to do good work.

The new chimney at the power house is fast nearing completion, and is a fine piece of work.

Evansville Locals.
The Baggers accompanied by Miss Daisy Spencer are making an auto trip through Iowa.

Chas. J. Peersall and family are camping at the Lakes.

Chas. Copeland and family went to the Lake Wednesday, for a few weeks' outing.

Mr. and Mrs. Pullin accompanied by Miss Alice Spencer and Spencer Pullen motored to Madison, Thursday.

J. C. Plushier was doing business in Evansville Friday.

Mrs. Matt Farrel gave a basket social and dance at her country home Friday night.

Miss Nora Cassada is at Leyden, visiting her sister, Mrs. Conroy.

Mr. and Mrs. Loua Courrier took their little son to Madison, Thursday.

to consult Doctor Boyer, in regard to his eyes. Mrs. E. M. Fairbanks accompanied them and the party drove up in an automobile.

Miss Ruth Christman went to Clinton Friday, to attend a musical given by her aunt and to visit other relatives.

C. F. Miller, V. C. Holmes and the Misses Lucile Miller, Grace Haylett and Dorothy Richmond left for the Holmes summer resort on Long Lake, Friday. Mr. Miller took the party up in his automobile.

Miss Ostrander returned Wednesday to her home in Chautauque county, New York.

Mr. and Mrs. Stole, Miss Marie Green and Pauline Brooks are all doing special work at the university summer school at Madison.

Mr. and Mrs. Howard will remain in Evansville through the vacation and take care of the seminary buildings.

Emmet Reilly has returned from California. It will be remembered that this gentleman was seriously injured in a street car accident and as a consequence was in a hospital for four spent several days at the home of her brother, Sumner Wadsworth, returning to Madison, Wednesday afternoon.

Mrs. Laura Puden left for Madison, on the noon train Friday.

Miss Lola Acheson who has been teaching in South Milwaukee, is home for the summer vacation. Miss Acheson will hold her position in the Milwaukee school next year.

Alice Makopenco of Madison is a guest at the home of her uncle, Geo. Gray.

Earl Gillis has resigned his position months.

W. S. Austin was down from Oregon Thursday, and spent the day with his family.

Mrs. Thomas Harper and two daughters of Spring Valley, have been visiting at the home of Mrs. Harper's nephew, George Acheson.

Miss Harriet Ganoung of Madison,

SOUTH MAGNOLIA

Magnolia, June 27.—Miss Helen Pappas saved for Mrs. Frank Van Sikke the first of the week.

Mrs. T. T. Harper and daughter, Ella, spent Wednesday with Mrs. Glenn Clark.

Mrs. Fred Hagerman called on friends here Wednesday afternoon.

Miss Margaret McCaslin is assisting Mrs. Fitzgerald for a few days.

Mr. and Mrs. T. M. Harper visited at Elliot Farmer's last Sunday.

Frank Mott of Cokesville, Wyoming, visited his brother, H. G. Mott, the first of the week.

About twenty-five of Miss Hattie Fromholz's friends gave her a pleasant surprise last Wednesday night. The evening was spent in playing games. Refreshments of cake and lemonade were served. A fine time is reported.

Misses Leona and Evelyn Hagerman visited Thursday afternoon with Miss Ella Harper.

Mrs. T. T. Harper and daughter, Ella, were Evansville visitors last Friday.

NORTH JOHNSTOWN

North Johnstown, June 28.—Announcements have been received here of the marriage of Thomas Smith of Pl. Edward, N. Y., and Miss Kittie Mahoney of Troy, N. Y., who were married June 27th. Mr. Smith and sister visited relatives here a few years ago, in Janesville and at Johnstown.

Miss Quigley of California is here caring for her brother, John, who is not recovering as rapidly as his friends would wish.

Mr. and Mrs. John Malone and Miss Mayne Malone spent Sunday at the home of R. Stewart.

N. Maher is erecting a foot shed for John Malone.

Mr. and Mrs. M. J. Joyce spent Thursday in Whitewater.

J. T. Powell has a force of men working on the road.

TYNN-WILLY DIDN'T GET THE STEAM ROLLER, BUT IT WAS JUS AS BAD.

SPORT SNAPSHOTS

by DAN MCCARTHY

Carl Morris, the Oklahoma heavy-weight and his millionaire manager, H. F. Ufer, have parted, because Ufer refused to pay a dentist \$110 for fixing up Morris after the latter's battle with Flynn.

Luther McCarthy is raw, but he has the punch and glorious possibilities, say the writers who saw him make his eastern debut against Tim Logan recently. McCarthy and Ay Patzer are the two best white hopes in the ring today. McCarthy may not yet be the man to down Jack Johnson.

George "Knockout" Brown who will meet Eddie McGeary, the Oklahoma, Wm. middleweight at Boston Harbor, Mass., on July 4, has started active training in Chicago. McGeary is doing his training in Indianapolis. According to Manager Marty Perkins, he is in fine shape.

A lot of sentiment is developing in New Mexico against prize fighting. The Flynn-Johnson battle on July 4, it is believed will result in the closing up of that state as a fight center.

Manager Fred Clarke, of the Pittsburgh Pirates, threatens to bring suit for damages against the Chicago Cubs because Artie Hoffman is out of commission with a nervous breakdown, and may not get in the same again this season. Clarke says President Murphy of the Cubs knew Hoffman was not fit to play when the deal was made.

Rube Marquard keeps on winning games, but he'll have to keep it up for some time yet to equal the record made by one Rector Sparks in 1908. In that year Sparks pitched 33 games for Yazoo City, Miss., in the Delta League. Twenty-one of those games were won in succession. Sparks won 25 out of the 33 games. Nine of them were shutout victories.

Sparks is a Mississippi boy. He has pitched for Memphis and Atlanta, and is now with the Vicksburg team in the Cotton States League.

Bobby Becher, of the Cincinnati Reds, is the only player in the big leagues who has averaged better than one run per game thus far this season. His average to date is 1.04.

Another Detroit Tiger is heard to be proving himself a "comeback." This time it's Jerry Downs, members of the 1907 champion Tigers, later with Columbus and Minneapolis, then Brooklyn, and starting in utility roles and batting like a fiend.

Chants this season in Capron, of Milwaukee, and Shelton, of Columbus. In Catcher Basham the Clarksville team, in the Kitty League, has elected five honors in eleven games.

Chief Joe Connelley, of Brown University, who has signed with the Pittsburgh Pirates, was 14 and lost four games for his college team in two seasons.

Another Walter Johnson is to join the big show. The Racine Club, of the Wisconsin-Illinois League, has signed Pitcher Walter Johnson to the Chicago White Sox.

Leading thirteen straight games was the undying of Pitcher Saint, of the Greenwood Cotton States League team. He got the ax before he could make it fourteen.

Pitcher Weisman, of the Mayville, Ky., who stands 6 feet 6 inches, has been sold to the St. Louis Cardinals. He is known as the "sky-scraper" of the Blue Grass League.

The Northwestern League teams are running a real pennant race this season. Less than 75 points separating the first from the last team in the standing shows some travelling.

In a recent game between New York and Columbus in the Nebraska State League, Davis of New York was credited with two home runs, one three-bagger, two two-bases hits, and a single, a total of sixteen bases.

Grandfather Hogreiver is still in the game, playing third base and managing the Appleton, Wis., team. History tells us that the day before De Soto discovered the Mississippi River he spent the day watching "Hogreiver" hitting fungoes to a bunch of Indians.

When several Hawthorn, Kan., players were released recently a local editor told them not to feel that all was lost; that the country would soon need a lot of harvest hands. The ball towners got back by sending the editor 25 cents for a hair cut.

The Boston Nationals have purchased Arthur Bues of the Buffalo Club. Playing with Seattle last season Bues led the Northwestern League in batting with an average of .352. He was tried out by the Giants last Spring and released later to the Blues.

"Red" Corridon, formerly of the St. Louis Browns, now playing with the Kansas City Blues, is likely to get another trial in the big leagues, it is said. The star heater of the Blue-landers, has been watching "Red" and believes the Indiana boy will fit with the Yankees.

POINTERS FOR THE MOTORIST WORTH REMEMBERING.

Danger of Leaving Small Articles in Envelopes—Use Does Not Injure Tires.

In fitting an inner tube care should be taken that nothing remains in the envelope. This men not infrequently suffer criticism for supplying inferior tubes when the fact is that it is the motorist who is at fault. The Michelin Tire expert says that frequently owners leave dust caps, washers and other articles inside the envelope and then complain when the inner tube punctures from "no apparent cause" after a few miles of traveling.

Keep dust caps and other parts removed for the fitting on a bit of waste on the step or on the seat of the car or in some other place where they can be found when wanted and where they cannot get inside the tire by any

possible chance.

Use does not injure tires. Like the human family it is useless that destroys them. An inner tube hung in a garage all winter will be ruined by spring. Its companion tube which is working daily remains flexible and fresh.

It is the same with an envelope or casing. A tire neglected on the roof of a house exposed to the sun is baked and ruined, but the envelope on the car has nothing to fear from the same sun rays that destroyed its tire neighbor.

all distances in the games at Stockholm. For the convenience of readers the following table of distances is given:

100-metre run	169.3 yards
200-metre run	218.6 yards
400-metre run	437.2 yards
800-metre run	874.4 yards
1,600-metre run	1,748.8 yards
110-metre hurdle	120.2 yards
40-metre hurdle	43.7 yards
10,000 metre run	10,936.0 yards

BIG CLUBS COMPETE AT EVANSTON MEET

Central Amateur Athletic Union's Outdoor Track and Field Championships Held Today.

[BY ASSOCIATED PRESS.]

Evansville, Ind., June 20.—The central amateur athletic union's outdoor track and field championships will be held on Northwestern field here today with 152 athletes representing universities and athletic clubs entered.

E. C. Hacey, chairman of the games, predicted that the contests would be exceptionally close considering the great number of stars who have gone to take part in the Olympic games.

Chicago athletic association, the Illinois Athletic club and the First regiment Athletic association have entered their strongest teams and the fight for first place is expected to be between these clubs. Dr. George K. Horan has been appointed referee.

Twenty-five countries have sent representatives to the tournament, and the total number of contestants will exceed 2,000. Next to Sweden, which naturally leads in the number of entries, the countries having the largest numerical representations are Great Britain and the United States.

The other countries that have entered fairly full teams are France, Germany, Russia, Hungary, Austria, Norway, Finland, Denmark, Canada, Holland, Italy, Australia, and New Zealand. Other countries that will be represented in the athletic competitions and some of them in other events as well are Japan, Greece, Switzerland, Serbia, Turkey, Belgium, South Africa and Portugal.

Several preliminary competitions, including shooting and lawn tennis, were started today, but the real sport of the meet won't take place until a week hence, when the formal opening will be held and the first track and field games opening ceremonies. The feature of the opening ceremonies will be the formation of the various countries into groups, divided according to the sports in which they are competing and will carry their national banners. The preparations are on a gigantic scale.

All of the visitors are loud in their praise of the perfection of the arrangements made by the Svenska Idrottsforbundet—to use the official title of the association which is in charge of the meet. Committees have been on hand to receive each arriving foreign delegation and nothing has been left undone that would contribute to the comfort or convenience of the visitors.

The stadium, where the competitions are to be held is within easy access of the city. Seating accommodations have been provided for 9,000 spectators and it is estimated that there will be standing room for an additional 25,000, but this probably will not be necessary. The grounds within the stadium provide several athletic tracks, a banked track for the cycle races, a cinder path for running and a turf track for hurdle racing.

The sports are to continue for a fortnight, and will occupy the morning and afternoon of each day. The order of the principal athletic competitions in which the United States and Great Britain are expected to figure most prominently is as follows:

July 6—Throwing the javelin, 10,000 metres flat, trials; 100-metres flat, trials; 800-metres flat, trials.

July 7—Running high jump, final; 10,000-metres flat, final; 100-metres flat, final; 800-metres flat, final; Pentathlon.

July 8—Running high jump, final; standing broad jump, final; relay race, 400 metres, trials; relay race, 400 metres, final.

July 10—Pole vault, final; putting the shot, best final; 200-metres flat, trials; 1,500-metres flat, final; 5,000-metres flat, final.

July 11—Putting the weight, right and left hand, final; 200-metres flat, final; 110 metres hurdle race, trials; 130-metres hurdle race, final.

July 12—Running broad jump, final; throwing the discus, best final, final; 100-metres flat, final; team race, 300 metres, final.

July 13—Standing high jump, final; throwing the discus, right and left hand, final; 400-metres flat, final; team race, 300 metres, final.

July 14—Throwing the hammer, final; marathon race (40,200 metres) final; relay race, 1,400 metres trials; Decathlon, first day.

July 15—Relay race, 1,300 metres, final; cross country race, 8,000 metres, hop, step and jump, final; Decathlon, second day.

The metric system of measurements is used by the Olympic committee for

all distances in the games at Stockholm. For the convenience of readers the following table of distances is given:

100-metre run	169.3 yards
200-metre run	218.6 yards
400-metre run	437.2 yards
800-metre run	874.4 yards
1,600-metre run	1,748.8 yards
110-metre hurdle	120.2 yards
40-metre hurdle	43.7 yards
10,000 metre run	10,936.0 yards

They Put An End To It.

Charles Sabie, 20 Cook St., Rockford, N. Y., says he recommends Foley Kidney Pills at every opportunity because they gave him prompt relief from a bad case of kidney trouble that had long bothered him.

Such a recommendation, coming from Mr. Sabie, is direct and convincing evidence of the great curative qualities of Foley Kidney Pills. The genuine Foley Kidney Pills are never sold in bulk, but put up in sealed bottles, enclosed in a yellow carton. Ask for Foley Kidney Pills. Refuse substitutes. Badger Drug Co.

Every Evening

FREE—Three Reels Latest Motion Pictures—FREE GIANT DIPS AND ALL ATTRACTIONS Dancing Every Evening Except Sundays

will win the "Goat Cup." The following is the pairing and handicap for the first round of play. H. H. Byers, 12; P. S. Haines, 20; M. R. Jeffries, 20; E. Peterson, H. E. McCoy, 9; P. H. Jackman, 14; P. S. Sheldon, 17; Leo Brownell, 14; J. P. Baker, 7; William Rogers, Jr., 18; Geo. E. Kling, 12; H. W. McNamara, 14; K. B. Joffris, 21; David Benton, 20; Fred Schaller, 11; Wilson Laine, 14; J. L. Wilcox, 8; A. J. Harris, 17; C. H. Gaze, 14; H. B. Haggart, 17; O. Sutherland, 7; P. G. Baker, 8; E. Bauman, 11; Al Schaller, 9; A. P. Burnham, 9; P. C. Grant, 7; J. C. Hazen, 20; H. P. Bliss, 24; H. G. Rexford, 12; D. W. Holmes, 24; Burns Brewer, 8; Dr. P. B. Burns, 18; Fred Bailey, 20; William Wilson, 20; Stanley Dunwiddie, 20; Mark Rodwick, 10; W. V. Wheelock, 11; Cal Blodgett, 15; A. P. Lavoy, 15. The qualifying scores for the Wilson Lane cup must be handed to the Games committee a week from Monday and the first round of play will take place on July 9.

Frightened Men from Their Work.

In consequence of a disaster having been predicted by a fortune-teller, the men employed at a Welsh colliery were too frightened to go to work the other day. The colliery is one of the safest in the Llanelli district.

Fights Scheduled For This Date.

Rex Brown vs. Harry Brewer, 10 rounds, at Indianapolis.

Billy Allen vs. Joe Bayley, 15 rounds, at Havana, Ala.

Helped To Keep Down Expenses.

Mrs. J. E. Henry, Akron, Mich., tells how she did so. "I was bothered with my kidneys and had to go nearly double. I tried a sample of Foley Kidney Pills and they did me so much good that I bought a bottle and they saved me a big doctor's bill." For weak back, backache, rheumatism, urinary and kidney troubles, use Foley Kidney Pills. They help quickly. Badger Drug Co.

Better Games Being Played This Afternoon as a Result of Recent Changes in Rules.

As a result of the recent changes in the rules of the commercial league better games are being played at the park association diamond athletic park. Several teams took advantage of the exchange of players provision and the removal of the sixty day employment time limit also added the game.

At Athletic park the first game scheduled was between the Parker Pen team and the Hanson team. The machine company expected a hard game with the G. & N. W.

At the park association diamond the first game between the Recorder and the Y. M. C. A. line promised excitement, while the Gazette and Lewis lines would stage a contest equally as well played.

The first game was called at 1:45 and the second game at 4: p. m.

Cardinals at Detroit.

After a lay off of almost two weeks the Janesville Cardinals will play the North End of Detroit. This team is chosen by some of the fans as one of the fastest teams in the southern part of the state, and is in the running for the championship of this section.

The Cardinals have beaten every team in the city, with the exception of the one and both these teams have won one game. Connell, the star pitcher of the Cardinals, will do the pitching. The lineup is as follows: Wilson, catcher; Connell, pitcher; Jones, short; Connors, first; Cronin, second; J. Ryan, third; H. Ryan, left field; Cronin, center field; Klusky, right field.

GOAT CONTEST WILL OFFICIALLY START

Pairings for the First Play of New Golf Contests are Announced by Games Committee.

Interest in the goat contest now being played by the members of the "Goat" club of the St. Louis Golf club is at fever heat. To become a member of this select bunch of players all a member of the club has to do is to purchase a goat medal, for a nominal sum, from the secretary of the club J. P. Baker, and in a quality score, so as to be properly handicapped and then either challenge the man ahead of you or accept a challenge and start playing. If the player or boxer his goat as he does if defeated, he must buy another and continue in the contest or he can drop out. The "Goat" having the largest number of the medals at the end of the season which closes October 1.

LAWYER AND SNYDER

IN TIE FOR HONORS

Break 47 Out of 50 Targets at Regular Shoot of Gun Club Yesterday Afternoon.

W. E. Sawyer and C. E. Snyder tied for high honors at the regular weekly shoot of the Janesville Gun club at their grounds on North Washington street yesterday afternoon, breaking 47 out of 50 targets. There was a good attendance at the shoot yesterday and some good work was exhibited. Following are the scores:

That at	Eroke
Dr. Olson	50
C. E. Snyder	50
W. E. Sawyer	50
J. Hejmer	50

His Obligation to Nature.

Nature was his nurse and playfellow. For him she would let slip between the leaves the golden shafts of sunlight that fell just within his grasp; who would send wandering breezes to visit him with the balmy of bay and resinous gums; to him the tall red woods nodded familiarly and sleepily, the bumble bees buzzed, and the roots cawed a stumorous accompaniment.—Bret Harte.

ON THE SPUR OF THE MOMENT

By Roy K. Moulton

Caught on the Fly.

An European physician who claims that he can make hair grow on bald heads, is not a genius. He is short and ugly.

Women are now wearing hats without thinking. If they keep on doing sensible things there will soon be no question as to their right to the ballot.

A New Jersey man says he hasn't been able to sleep in thirty years. Why doesn't he buy some mosquito netting?

Mr. Carnegie advises all men to live within their incomes. Personally Mr. Carnegie has no difficulty in doing this.

Judging by the number of candidates who expect to sweep the county try it might be as pretty clean by next fall.

Scientist says card playing stupefies the mind. Evidently he never held better than a pair of deuces.

The rubber trust has declared a dividend of 100 per cent which shows for one thing, that the sale of hot water bottles and rubber collars is going bravely on.

A Chicago man wants a divorce because his wife is too fond of moving picture shows. But how much worse it would be if she had a taste for grand opera.

Stripes have been abolished in the California penitentiaries. Now that it is a suffrage state there may be frequent changes in styles there.

Madero says he will end the present revolution in Mexico in two months. Perhaps, but there will be several more going on by that time.

There is some talk of a compromise candidate. But it looks as though they may all be compromised before they may yet observe to do according to all that is written therein; for then they shall make their way prosperously, and then they shall have good success.

Have not I commanded thee, Be strong and of a good courage; be not afraid, neither be thou dismayed; for the Lord thy God is with thee whithersoever thou goest.

Heart to Heart Talks.

By EDWIN A. NYE.

"WHAT'S THE USE?"

"Why is man born with the closed fist? Because he wants to keep everything. Anybody does it, die with your fist closed. To show that he takes nothing along with him—Talmud."

"The quiet, suggestive saying of the Talmud is a good one for our day—the day of grasping commercialism."

"This is the day of 'money madness.' There is method in this madness too. Note the cunning of the trust magnate who gathers to himself. See how, like a great spider, the railway king weaves his converging webs of transportation. Watch the grabbers of special privileges."

"The closed fist!"

"Who is it—Huskin, I think—pictures the money man as lunatics grasping at the straws of their coil matting and at the notes in the air of their dusty prisons, trying to change these into gold?"

"Some steal from men."

"Some steal from earth and water and air."

"Some sell their souls to the devil."

"How the marching chorus of the money pirates, the grinding, seventy chorus, must vex the ear of Omnipotence. Listen to it—"

"Grab, grab, grab!"

"Poor fools! Yet a little while and the closed fists shall be opened by the strong hand of Death. Whose then shall these things be?"

"The lawyers will revel in the loot of it."

"The heirs will quarrel over it and hate one another."

"Impulses will fatten on the heaped up funds, and prodigal hands will saw the stuff broadcast."

"Even now bustling hands and watchful eyes wait for the first symptoms when the hard closed fists of the here loving lunatics shall relax their itching palms."

"Poor fools! Our sentimental Anglo-Saxon phrase puts the lesson of the Talmud in fewer but striking words. As the phrase has it—"

"There are no pockets in shrouds."

"Poor fools!"

"Soon the grabbing hands shall lose their cunning, and soon the lying tongues shall cleave to the roof of the mouth."

"In the language of the street—"

"What's the use?"

"Got 'Em Just the Same."

"The 'Buddy' is the latest political slang in England. He is described as one who seldom thinks nationally or imperially, but almost always provincially. If not parochially. Something resembling this has been seen over here. But the name applied is shorter, and begins with the first letter in the alphabet."

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it has a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. It is not a matter of time, but of fact, that deafness is caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will use the famous Catarrh Remedy, which is the only remedy for Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

As She Understood It.

"I do think," said Mrs. Slighting,

"they're the meanest people I ever

heard of. You know Sam used to work

for them. Well, he owes them a few

dollars when he quit, and the first

thing they did when he got another

job was to go to his employers and

vandalize his salary!"

Metal in Place of Paper.

Metal sheets are proposed as a sub-

stitute for paper for the pages of

books; such sheets would be tougher,

more flexible, and would absorb ink

better than paper.

DECISION IS MADE FOR DEFENDANT IN PERRY VS. M'INTOSH

Judge Grimm Decides That A. McIntosh is Not Indebted \$14,000 to the O. C. Perry Estate.

The case of T. A. Perry, an executor of the last will of Oscar C. Perry, deceased, against A. McIntosh, was decided yesterday in favor of Mr. McIntosh, findings of fact and conclusions of law having been filed in the Circuit Court of this county to that effect.

This litigation grew out of the organization of the Monarch Developing Mining and Reduction Company, the stockholders of which are principally residents of Edgerton, this county, and the city of Janesville. The mine owned by the company is located in New Mexico.

In May, 1909, the company, acting through one F. H. Schermerhorn, purchased a number of mining claims, the options having been taken in his name. A corporation with \$100,000 capital stock was organized, \$40,000 of the stock was to be sold at par, and the proceeds turned over to Schermerhorn to pay for the claims and make all improvements and development necessary, putting the mine in complete running order and upon a paying basis.

\$50,000 of the stock was to be promotion stock, the plaintiff in the present action claiming that \$15,000 of it was to be transferred to Oscar C. Perry, his son, and \$15,000 to H. S. Sloan and \$15,000 to the defendant, the balance to belong to F. H. Schermerhorn. This action was begun to recover the sum of \$14,000 and interest, which was the amount due the plaintiff's decedent according to his claim, less \$1000 in stock which had been given to him by the corporation at the request of Mr. Schermerhorn. H. S. Sloan, formerly of this city, was produced as a witness on the part of the plaintiff.

The defendant claimed that when the company was organized it was stated in the first meeting of the stockholders that \$15,000 of the promotion stock was to be given to him for his services; that the balance was to be left in the treasury of the company, and if \$40,000 was not sufficient to enable Schermerhorn to carry out the provisions of his contract, the promotion stock would be used for that purpose, whatever was left after the mine was over to Schermerhorn. In this contention Mr. McIntosh was corroborated by Sanford Soverhill, of this city, M. L. Carrier and F. B. Wentworth, who were directors of the company.

It appeared that not only the \$40,000 was expended, but about \$71,000 additional; and that when \$80,000 was expended Mr. Schermerhorn transferred all his rights in the promotion stock to the company. Mr. McIntosh never accepted the \$15,000 of promotion stock which both parties conceded he was entitled to. He paid par for all the stock which he has in the company, being the largest stockholder. Sloan and Perry did not pay for any stock. It seemed to be conceded in the case that if the mine was a success and there was any promotion stock left, Mr. Schermerhorn intended to transfer some of it to Sloan, Sloan and Perry for work they had done in interesting Wisconsin capital in the enterprise.

The mining property of the company is not being worked at present, the testimony given in this case being to the effect that the mine was practically worthless, the ore being refractory and incapable of being made marketable.

The reason Mr. McIntosh was sued instead of the company is that he was the President and Treasurer and looked after the business of the corporation. Perhaps the fact that the company is insolvent had something to do with it.

Judge Grimm in his findings stated in effect that Mr. McIntosh is not indebted to the estate of Oscar C. Perry according to account of any stock or certificates of stock or the avails of any stock or certificates of stock in the Monarch Developing, Mining and Reduction Company, which has been issued and sold; and that he is not indebted to said estate on account of any of the matters stated in his complaint; and that he is entitled to judgment dismissing the complaint in the action, and for his costs and disbursements.

Charles E. Pierce was the attorney for the plaintiff, and Thos. S. Nolan represented the defendant.

BRIEF LOCAL NEWS.

The Woman's Missionary society along with the Ladies Benevolent society of the Congregational church, will hold a picnic at Burr Springs, on Tuesday, July 2. The boat leaving from the Fourth avenue bridge at 10 a. m.

At the home of Joseph Weber, cor. Mineral Pl. Ave. and Washington sts a lawn social will be given Tuesday evening, July 2, by Circle No. 2, St. Mary's Church. Ice cream and cake all are welcome.

Auto Party: Mrs. A. J. Ochsner the Misses Jorgensen, Hyde and Ochsner of Chicago were members of an automobile party at the Myers hotel yesterday.

CARD OF THANKS.
To friends who so kindly assisted me during my late bereavement the sickness and death of my beloved husband, I extend heartfelt thanks also to the B. P. O. Elks, and for the many beautiful floral offerings.

MRS. PETER HORNADIEL.

Patience.
Have you ever heard of a genius who possessed the patience necessary to teach a dog to turn backward somersaults?

PERSONAL MENTION.

Mr. and Mrs. Fred J. Holt and their guests, Mr. and Mrs. Robert Solberg, of Iron River, Mich., spent the day at Harlem Park.

Mrs. F. R. Lewis, Miss Francis Edwards and Misses Ada and Irene Lewis spent yesterday at Lake Kegonsa.

Mrs. William H. Noyes of Madison, is spending a few days at the home of Mrs. A. S. Hall.

Misses Blanche Sweeney, Hazel Spencer, and Mrs. Vera Lohman, are spending a few days at the Sweeney cottage at Lake Kegonsa.

Miss Dol of Beloit, is visiting with friends in the city.

Miss Winifred Fifield, of Everett, Wash., is visiting relatives and friends in the city.

W. H. McCoy of Chicago, is in the city for a few days.

C. J. Nesbitt, Jr., of St. Francis, Wis., visited friends in the city yesterday.

Father McGinnity of Milton Junction motored to this city yesterday.

Mr. and Mrs. George Warren have returned from Medford, Wis., where they have been visiting their daughter, Mrs. P. A. Kittridge for the past two weeks.

Mr. Warren, who is a rural carrier, was on his vacation.

E. H. Price visited local friends in the city yesterday.

Mr. and Mrs. Popp of Freeport, are the guests of friends in the city.

J. C. Donovan of Madison, was in the city on business yesterday.

Joseph Matzke of Fond du Lac, is spending a few days with relatives in the city.

J. B. Manthorpe of Iowa City, Iowa, is visiting relatives in the city.

Mrs. Henry White of Portland, Ore., is the guest of her aunt, Mrs. Anna Thompson on South Academy street.

Miss Kittie Manning is visiting with friends in Milton.

Mrs. Henry A. White of Portland, Oregon, is visiting her aunt, Mrs. Janet Thompson of Academy street.

Mr. and Mrs. Thomas Edson, 1102 Oakland avenue, went to Fond du Lac today, where they will visit relatives for a week, and take in the "Home Coming" in that city, beginning June 30, and closing July 6.

Mr. and Mrs. H. E. Wemple will spend the next two weeks at Lake Waubesa.

Miss Della Wee of Orfordville visited in the city yesterday.

Mrs. Sylvia Wilkins went to White-water today for several weeks visit there and at her old home in Utica's Corners.

Mrs. Winifred and Mrs. Volhardt of Plattville, who have been the guests of Mr. and Mrs. J. E. Carle, returned to their homes today.

Mrs. Susan Alvorson, who has been visiting in the city for a month, just returned to her home in Milwaukee today.

Mr. and Mrs. F. C. Grant went to Portage today for a visit with relatives.

Mrs. H. E. Wemple is spending Sunday in Madison.

W. H. Conrad went to Milwaukee today.

Miss Maud Manross leaves today for Spokane, Wash.

George E. Stocking of Rochelle, Ill., one of the administrators of the Holmsted estate, was in the city today on business.

Miss Ethel Davis has returned from Crystal Lake, where she has been visiting Miss Pearl Blackman.

F. L. Clements went to Chicago this morning.

Mrs. Geo. Baker, Mrs. Thomas Nolan returned from Lake Geneva last evening.

Miss Florence Palmer and her friend, Miss Bates returned last evening from their visit to Ann Arbor.

Judge F. A. Smith of Chicago is visiting Mr. and Mrs. W. F. Palmer.

Prof. W. C. Morey and wife of Rochester, are visiting Mrs. W. F. Palmer who is a sister of Prof. Morey's.

Mr. and Mrs. Albert Smith of La Vista state announce the arrival of a fine pound daughter today.

Mr. and Mrs. Thomas R. Nolan and daughter, Miss Vera, are the guests of Mr. and Mrs. Sanford Soverhill and family, North Washington street, until July 1st when they will start for the west. Their goods were shipped to Olympia, Wash.

Mr. and Mrs. Thomas Nolan of Fort Dodge, Iowa, are visiting friends in the city.

The Misses Ellen and Nora Nolan, Agnes and Edna McElmott, Agnes Smith, Anna Sullivan, and Nellie Cronin; and Messrs. Fred Palmer, Henry Ziegler, Louis Brown, Edmund Leary, Elmer Tullit and James Hattery will spend Sunday at Lake Koshkong.

Mrs. Harry Olson and children of Eau Claire are the guests of friends in this city.

MOTORISTS CARELESS IN LIGHTING LAMPS

Forty or More Automobiles Without Tail Lamps Lighted Counted by Police Last Night.

The known carelessness of many motorists in driving their cars after dark without having the tail lamps on them lighted was plainly demonstrated last evening when Chief of Police Appleby and Patrolman Doran counted forty or more machines operated in violation of this provision of the law. Many of the drivers were stopped and warned, and unless this warning is heeded prosecutions will be brought.

Mayor Fathens and Chief of Police Appleby, are considering erecting signs at the city limits on the roads leading into Janesville, warning automobile drivers to slow down, and signs instructing them to drive no more than eight miles an hour at the borders of the business district, as designated in the ordinance.

FIRE NEARLY WIPES OUT SMALL TOWN IN QUEBEC
[BY ASSOCIATED PRESS.]
Montreal, Quebec, June 29.—The village of Pointe, Quebec, was almost wiped out by fire which broke out here yesterday, destroying fifty houses and stores.

WOMAN CUTS THROAT WITH MEAT CLEAVER

Irene Schenke Made Unsuccessful Attempt to End Her Life, Then Summoned Aid.

Using a meat cleaver in an attempt to cut her throat early this morning and barely missing the jugular vein, Irene Schenke attempted of her rash act and managed to reach a telephone and summon aid in time to save her life.

Miss Schenke lives over 219 West Milwaukee street and "it was while suffering from a mental derangement that she made the attempt upon her life. The gash inflicted was a ragged one some two inches long and she suffered from loss of blood and shock to her system. Dr. Judd was summoned and dressed the wound.

BRIEF LOCAL NEWS.
Wedded at Paragon: Jacob A. Schmidt of Sheboygan, Wis., and Ruth M. Crandall of Milton Junction, secured a marriage license and special permit at the court house this morning, and were united in marriage by the Rev. David Beaton at the Congregational parsonage.

Fined for Drunkenness: Peter Farrell pleaded guilty to drunkenness in the Municipal Court this morning and was fined \$2 and costs.

CLINTON
Clinton, June 29.—Orrie Smith and bride arrived Thursday evening from Chicago, where they spent a week with Mr. Smith's brother and wife.

Miss M. Klingeboltz, who taught in our schools two years ago, arrived here yesterday.

Mrs. O. W. Hare took her niece, Miss June Ellis, to her home in Janesville yesterday.

John Brodt and James Waugh were in Janesville yesterday.

Miss Christina of Evansville came down yesterday morning to attend the recital given by her aunt, Mrs. Emaline L. C. Hatch.

Love at First Sight.
Think of it! "No such thing as love at first sight!" Why, the idea is preposterous! Every man who was once a boy, and every woman who was once a girl, can testify by personal experience that there is such a thing as love at first sight, and even the recollection of it causes the oldest hearts to flutter again. Every writer of novels and every reader of them can add to the testimony of love at first sight.—Pittsburg Chronicle-Telegraph.

Angled Game Is Chees.
It is impossible to state just when and where chess was born. Back we may go in the ages, but we still find it existing. We see it painted on Egyptian vases, and we find it in the Chinese Books of Wisdom. It has been ascribed to all kinds of birthplaces, its creator having been at times a man, at times a god. Nothing positive is known about it, yet the great probabilities seem to point to its having come from the east.

Lighting and Concrete.
The effect of lightning on concrete, which has long been a matter of dispute, has been observed by a leading member of the American Society of Civil Engineers, who has a reinforced concrete water tank on his country estate. This was struck by lightning, which caused no injury, but changed the texture of the concrete in places from granular to vitreous. The tank was heavily reinforced.

COUNCIL TO LAY OUT MORE NEW HIGHWAYS

Roads to Lead From Forest Park to Ringold Addition and From Elizabeth Street to Pine Street.

City Clerk J. P. Hammarlund was instructed by the Council yesterday afternoon to have published in the official paper notice that the Council intends to lay out a highway from Forest Park to Ringold addition, and another from the terminus of Elizabeth street on Chatham street to Pine street.

Plans and specifications for the improvement of Prairie avenue from Glen street to St. Mary's avenue, and of Pleasant street from the railway tracks west of Madison street to Main street were adopted.

Count curbing and gutters are to be put down on these streets. Resolutions were passed assessing benefits and damages.

Superintendent of streets Milton more was directed to serve notice to build cement sidewalks upon the owners of lots 1, 2, 3 and 4 in Council's addition on the east side of Milton avenue, and portions of lots 1 and 2 block 44 of the original plat the west side of South Main street. Similar notices were ordered served on the owner of lot 62 in Smith & Halley's addition on the south side of Center street.

A guard fence was ordered built on the west side of South Main street south of the Hub brewery.

The Field Lumber company requested permission to erect a frame coal shed fifty-feet long and ten feet wide on the south side of the Northwestern sidewalk between North High and North Jackson streets.

BRODHEAD

Brodhead, June 29.—Mrs. D. A. Douglas and children, were passengers to Beloit and Rockford Friday for a week's stay.

Mrs. H. Straw spent Friday in Janesville.

George Cortes returned Friday to Kansas City, Missouri on Friday after a few days spent at home.

C. A. Lytel of Monroe, was a Brodhead visitor on Friday.

Theodore Olson made a business trip to Janesville Friday.

Wm. Bodish came up from Beloit for a brief stay.

Miss Ruth Stair returned today from a short visit with Miss M. Taylor in Orfordville.

Reed Williams was a passenger to Shiloh, Illinois, Friday afternoon.

Mrs. W. D. Ames and daughter, Thelma, are visiting friends in Orfordville.

Miss Ida Tobey of Milton, who has been visiting relatives hereabouts for a week, went to Milton Friday to see her brother.

Miss Edna McKenzie is home from summer school at Monroe.

Mrs. Lillian Austin of Long Beach, California, who has been here for a fortnight or more, left this morning for Stoughton, for a short stay and will visit also at Delavan with Mr. and Mrs. Foster Dunwiddie.

Mrs. Katherine Dixon left this morning to attend a house party on Monona Lake, near Madison, given by Mrs. F. M. Conley for a week.

UNSOLICITED RAISE FOR BROOKLYN STREET CAR MEN
[BY ASSOCIATED PRESS.]
Brooklyn, N. Y., June 29.—Employees of the Brooklyn Rapid Transit company were notified today that the company had decided upon a voluntary and unsolicited increase in wages affecting about 5,000 men including motormen, conductors, starters and inspectors.

The new rate for motormen and conductors varies according to the length and efficiency of service ranging from 25 cents an hour for beginners to 34 cents an hour after the fourth year. The average increase is about 5 percent.

OSHKOSH AVIATOR GOES UP TWO THOUSAND FEET.
[BY ASSOCIATED PRESS.]
Oshkosh, June 29.—Last night Harry Powers, an Oshkosh aviator who has a hydro-aeroplane here went up 2,000 feet where he struck a severely cold current of air and was obliged to descend to a lower strata on account of being chilled. He said afterwards the panorama of the city presented a very beautiful sight on account of the waters and trees.

JACK JOHNSON FAVORITE: BETTING TWO TO ONE.
[BY ASSOCIATED PRESS.]
Las Vegas, N. Mex., June 29.—With the arena completed and the training of Jim Flynn and Jack Johnson practically ended for their fight here, July 1 interest today centered in the placing of bets. The champion is the favorite with odds apparently fixed at no better than 2 to 1.

Improved Pressing Iron.
A new electric pressing iron is equipped with metal plates, which can be inserted to increase its weight when desired.

NOTICE TO CONTRACTORS.
Curb and Gutter Work.
Office of the City Clerk, City of Janesville, Wisconsin, June 29, 1912.

Sealed proposals will be received by the undersigned City Clerk of the City of Janesville, Wisconsin, until the 5th day of July, 1912, at 2 o'clock p. m. for furnishing all the material and doing all the work necessary and required to construct thirty-two (32) rods of combination cement curb and gutter on Vista Avenue North and South Garfield avenues, being on the north and west sides of Riverview Park.

Address all bids as follows: "City Clerk," "Curb and Gutter, Construction," marked on the envelope.

The right is reserved to reject any or all bids.

J. P. HAMMARLUND, City Clerk.

There are always bargains to be found in the want ad columns.

MILTON IS NOW PLANNING ON CELEBRATION JULY 4th.

Ball Games, Races and Other Attractions Will be Offered as Entertainment—Other News.

[BY ASSOCIATED PRESS.]
Milton, June 29.—Milton will celebrate the Fourth of July. One of the attractions will be a hot game of ball between the Lake Mills team and the All Stars of Milton, and as a curtain raiser the Lima Terrors and Milton Giants will play. There will be no charge for these games, and for everybody to see them. There will also be races and other attractions. The general public of Rock and adjoining counties are invited and will be welcomed.

Attorney Avery of Janesville, was in the village yesterday.

Dr. Crowley and wife and President Daland and wife made an auto trip to Wales and Waukesha Thursday.

J. C. Goodrich and family attended a home coming at Fairdale, Ill. today.

Misses Eleanor Brown and Cornelia Kelley took a hike to Nowville and back yesterday, despite the heat and dust.

TO BE NOMINATED BY ACCLAMATION

John L. Sullivan.

Like so many other men prominent in public life, Mr. John L. Sullivan, who will probably be nominated for secretary of state of Ohio by acclamation at the Republican state convention on July 2, built from the farm. After spending his early years as a farmer's boy in Angakia county, Ohio, Sullivan determined to become a newspaper man. He learned the printer's trade and is now managing editor of the East Liverpool Review. He has taken an active interest in Ohio politics for many years.

Spirit of the Times.
It is an age of artificial devices. Rare indeed is the man, and rarer still the woman, in whose physical makeup there is not something false, either eyes or teeth or hair.—From the Atlantic.

Immense Herds of Cattle.
Australia's largest cattle "herd" is that running on the Victoria river station, northern territory, 320 miles south of Port Darwin. It numbers 60,000,000 head.

BONDS
Of Wisconsin Cities are exempt from taxation, they are recognized as the best of municipal securities.

We own and offer for sale, City of Columbus, 5 per cents. Bolot School District 4½%. City of Beloit, 4½%. City of Brodhead, 4%. City of Evansville, 4%. And \$3000. Janesville Water Co., 5 per cents.

BOARD OF REVIEW MEETS ON MONDAY

Will Hear Protests of Property Owners on New Assessments—Rolls Closed This Evening.

Tells of Experiences At Old Camp Randall

History at first hand, from one who took part in the events that go to make up history, is far more interesting than an unexciting recital of the events set down in a book, and A. P. Lee of this city, a veteran of the Second Regiment, Wisconsin Infantry Volunteers, whose regiment was one of the regiments in the famous old "Iron Brigade," can do light one by the hour with his stories of Civil war experiences. A member of one of the earliest regiments that went out from Wisconsin, Mr. Lee saw a great deal of fighting in the War of the Rebellion, and aside from a historical standpoint, his stories are of deep interest to those who hear them. Mr. Lee was made second lieutenant of the regiment during his period of service, and held that title when he was mustered out.

The Second Regiment, of which

CAMP RANDALL IN THE SIXTIES.

first to camp at Camp Randall, Madison. A story of his experiences when the regiment was camped there, is given below:

Asked as to whether he could tell something of the camp as it existed in the early days, Lieut. Lee replied: "Yes, we made the camp there."

"Yes, we made the camp there, was where we made camp, and when we arrived at Madison there was nothing there but the old stables, and a few piles of refuse to mark the place."

"The stables were built of foot boards, the battens were all off the roofs of the buildings, and the buildings were littered with heaps of debris. The first night we slept through it rained, and the rain came through the building, cleaned out the stables and put in bunks to sleep in. There were no windows in the buildings, so we cut holes in the side walls for windows. The first few nights the boys used to sneak out through the holes and go to town, but the officers found it out, and put guards around, so the boys would poke their heads out and watch until the guard was not looking, and then sneak out."

"When mess time came we were marched in companies to the tables, each of which was long enough for a company, fifty men on a side. The bunks were turned out of a sack into a tub, and steamed, and what over fifth and dirt went into the tub with the bunks was cooked to us. Then they were served to us. The potatoes were shoveled out of the wagon box, with dirt and all, into the steamer. It would make a good nut for a hog, maybe. The boys used to call the beef 'bully,' because pieces of the hide were attached to it."

"One day, I think it was Sunday, there seemed to be a general plan fixed up through the regiment to mutiny. The usual order was to march us into the mess house, and at mess time to command, 'Bo Soldiers,' we would sit down. That day, instead of sitting down when the command was given, the boys remained standing, and tore up the tables and raised the benches generally. They went out of the mess house without

Snow of the mutiny reached the

company didn't get their prisoners."

"When we went from here, we took with us the muskets out of the engine houses, and I suppose in all we had about twenty-five old Remington rifles. After the La Crosse boys had tried to take away the prisoners, a new guard was ordered, of which I was made corporal, and First Lieutenant Doolittle, a son of Senator Doolittle, was ordered to inspect the guns. He did so and reported that they were filled from ten to eighteen inches with old tobacco ends, which was certainly fine ammunition to shoot with. At the time however, we had no guns or ammunition. We were drilled every day. The regular officers would take the non-commissioned officers into one of the big halls and drill them in the use of arms. Then we would have to drill the recruits."

"When the Janesville Volunteers, as we were called, were organized, our captain, Captain George Ely, had appointed as non-commissioned officers men whom he thought would have to believe, if they were given responsibility. Shortly after we reached Madison, Captain Ely was ordered to reduce the ranks of the non-commissioned officers. He called the company into line, and told them that all who wished to resign their positions, should step to the front. All of the non-commissioned officers stepped out in front."

"We were to pick out a new set of officers and the way we did it, was to have them step out and drill with a stick. We made the captain's assistant, W. Wade orderly sergeant, but the other officers were all new, I was appointed fifth sergeant, which rank I held until 1862, when I was promoted, and finally I was appointed second lieutenant."

"The crack company of the regiment was the La Crosse Light Guards, afterwards Company B. As a militia organization they had been in existence in La Crosse thirty years. Officers for many of the later regiments were taken from the men in that company."

Lieut. Lee was in charge of one hundred troops out on reconnaissance when the battle of Gettysburg started, and tells an interesting narrative of that engagement. Other battles in the war in which he took part are equally well described.

HOGS TAKE ADVANCE ON A SLOW MARKET

Prices Were Five Cents Higher Than Yesterday—Cattle Were Steady And Sheep Weak.

(BY ASSOCIATED PRESS.)

Chicago, June 29.—Hogs were favored with another five cent advance this morning although trading was generally slow with receipts at 6,000. Prices were not enough cattle offered to advance the price list one way or the other, but sheep were in poor demand at falling prices. Following are today's quotations:

Cattle—Receipts 200; market steady; heavy 5.50@5.60; Texas steers 5.00@5.20; western steers 5.00@5.20; stockers and feeders 4.00@4.50; cows and heifers 2.75@3.50; calves 2.50@3.50.

RED RASPBERRIES AND GREEN APPLES OFFERED. Green apples are the feature of today's fruit market, these are the first to be seen on the local market this season and are of good quality. Another feature of today's market is fresh red raspberries, these are also the first to come on the market this season and are exceptionally good for this time of the year. Strawberries took another jump in price this morning, and are still very scarce. There are not any other changes in prices this morning. The prices of today's market are as follows:

Saturday, June 29, 1912. Vegetables: Asparagus 11¢, G. 12¢ bunch; fresh carrots 5¢ bunch; new potatoes 5¢ lb.; 5¢ pk.; yellow onions 5¢ lb.; new cabbage 5¢ pound; lettuce, 5¢ bunch; head lettuce, 10¢; celery, 5¢, 8¢, 10¢; parsley, 10¢ bunch; radishes, round, 2¢ for 50; short radishes three for 10¢; long white, 5¢; long radishes, 5¢

Americans Ready. Chisholm, June 29.—Messengers have been taken here to prevent disorder in case of the expected battle between federal troops and rebels. All American have arranged to gather in one place. The American flag will be raised and the American council will be in charge.

TEN LICENSES ARE GIVEN AT EDGERTON. Full Quota of Saloons at Tobacco City Will Continue in Business—Other Edgerton News. (SPECIAL TO THE GAZETTE.) Edgerton, June 29.—There was an important meeting of the common council last night. The meeting was for the purpose of acting upon applications for licenses and permits. Ten saloon licenses were granted, that number being Edgerton's full quota. There is no change in the saloon management this year except that Gus Schultz and Harley Johnson will run the place where C. J. Schmilling has been since August last. Three drugstore permits were also granted, pool and billiard licenses and two moving picture licenses. There will be another meeting of the council Mrs. Thomas J. Atwood Dead. The funeral of Mrs. Thomas J. Atwood who died last night at the family home in the north part of the city will be held Sunday afternoon at two o'clock at the Congregational church. Chaffin to Speak Sunday. Eugene W. Chaffin of Tucson, Arizona, candidate for president in the prohibition ticket in 1916, will deliver an address Sunday afternoon at two o'clock at the Congregational church. Admission free. In the morning at ten o'clock he will speak at Abdon in the town hall. Edgerton News Notes. Thomas Quigley left this morning for Golden Lake to spend a few days with relatives. Miss Amanda Pederson left yesterday afternoon for Whitewater to remain over Sunday with her sister, Miss Josephine, who is attending school there. Mrs. J. W. Conn and mother, Mrs. Henry Marsden, spent the day yesterday in Janesville. Mr. and Mrs. Ralph Lidick of Beloit are here on a visit over Sunday with the lady's parents, Mr. and Mrs. Althard Trevorah and other members of the family. Mrs. Norman Greenwood and son of Milwaukee came yesterday and will remain the greater portion of the summer with her mother, Mrs. Bertha Vossite. Mrs. Julius Summerfield returned yesterday from Rochester, Minn., where she has been for the past ten days. Herschel Crook arrived this morning afternoon for Chisholm, Iowa, for a short stay. He is a former Dane county farmer and is now engaged in the real estate business in the west. Albert Hansen, a farmer just north of the city in Dane county last night took home a new five passenger touring car. A telegram received this morning from Rochester, Minn., states of the operation performed at that place yesterday on James, fourteen year old son of Charles Clatworthy, for gallstones. He is reported in a serious condition. The little boy was taken to the Mayo Bros. hospital at Rochester the first of this week. Mr. and Mrs. J. H. Nicholson and Dr. and Mrs. F. C. Nichols left this morning for Elgin to be present at the marriage of Debra Nicholson, son of the former, for several years past employed as teacher in the St. Louis university. Sunday at the Churches. At the M. E. church there will be Children's day exercises in the morning consisting of songs, recitations and appropriate music. In the evening Rev. Mac Innis will take for his subject, "The Man Who Was Afraid." At the Congregational church Rev. Schenck will conduct services both morning and evening. At the Norwegian Lutheran church Rev. Linnestad will preach in the morning, the services being conducted in English. At the German Lutheran church Rev. Spilman will conduct services in the morning.

AMERICAN RIFLE TEAM IN LEAD IN STOCKHOLM. (BY ASSOCIATED PRESS.) Stockholm, Sweden, June 29.—The United States team led at the conclusion today of the first stage of the international team competition for army rifle shooting at the Olympic games. The aggregate score of the American

team was 438. Great Britain was second with 428.

MINNESOTA STATE PARK WAS DEDICATED TODAY. (SPECIAL TO THE GAZETTE.) Redwood Falls, Minn., June 29.—The Alexander Ramsey state park was formally dedicated and opened here today with interesting exercises. E. T. Young, former attorney general, delivered the oration of the day. Samuel G. Iverson dedicated the park to the people of Minnesota, for whom response was made by Governor A. C. Elmerhart.

DECREASE IN RESERVE OF NEW YORK BANKS. (BY ASSOCIATED PRESS.) New York, June 29.—The statement of clearing house banks for the week shows that the banks held \$31,074,750 in excess of legal requirements. This is a decrease of \$8,165,000 in the proportionate cash reserve as compared with last week. If you are out of work get a job through the want ad columns.

U. S. Department of Agriculture. WEATHER BUREAU. WILLIS L. MOORE, Chief. JANESVILLE, SATURDAY, JUNE 29, 1912. EXPLANATORY NOTES. Observations taken at 8 a. m. and 1 p. m. meridian time. Air pressure reduced to sea level. Isobars (continuous lines) pass through points of equal air pressure. Isobars dotted lines pass through points of equal temperature; drawn only for 50°, 60°, and 70°. Clouds: ☁ partly cloudy; ☁ cloudy; ☁ rain; ☁ snow; ☁ report missing. Arrows show the wind. First figures, lowest temperature past 12 hours; second, precipitation of .01 inch or more for past 24 hours; third, maximum wind velocity.

June 29, 1912.—Atmosphere prevailing in the international basin of the West. Southerly winds, with hot, humid weather prevail throughout the Central states. Local rains have continued in the southeast. There have also been light showers a little above the average prevail in the Central and Southeastern states. Low atmospheric pressure in the Central states.

The Glass Door Tells The Story. The keen pleasure of seeing things bake is reason enough for having a glass oven-door, but when you realize how much better results you can get by knowing just when your bread, cake or pie is done, without having to open the oven to see and thus chilling your oven and like as not taking a fall out of your cake, you will readily realize that a glass oven-door is well worth while. This is only one reason why you ought to have the latest model, high oven, "GARLAND" CABINET RANGE. The mere fact that the ovens are elevated makes all the difference between back-breaking, drudgery and the joy of cooking on a stove that's right.

any accidental turning of the burner levers and consequently waste or escape of gas. Both Baking and Broiling Ovens are heated by the same burners, so that you can get a whole dinner by using the oven burners only. The High Legs make it easy to sweep under the stove. In fact, every possible provision has been made for easy cleaning, on both the inside and the outside of these ranges. Removable aluminized oven linings and smooth finished castings are only details, but they make a big difference to the woman who cooks. There is nothing you can buy for your home that you will use more and that will give you more pleasure and satisfaction than a modern, up-to-date "GARLAND" Cabinet Gas Range. These and Other Features Will Interest You in Our Display. See Our Assortment at Its Best Now.

FRANK DOUGLAS. 18 SOUTH RIVER ST. PRACTICAL HARDWARE. JANESVILLE, WIS.

D. W. Watt Tells of Year of the Many Sensational Acts

There is always something fascinating about a circus to young or old and when the stories are told of life under the canvas by an old show man who has had a national reputation and talks about things that one has seen with their eyes, it doubly so.

Mr. Watt's experience with the Forepaugh show now comes down to the year eight-five. This was a famous season for the circus man from Philadelphia and his circus was probably one of the most talked of ones in the country. The introduction of the pony light rope walker, the dancing elephants, part of this herd will be used in circus work, and the trained wondrous ponies, will be remembered by old timers who saw the show.

It was during the preceding season, when the "Circus Last Night" was on the program, that a strange incident occurred not down on the daily program. When the circus reached Madison, that year, it carried with it some sixty Sioux Indians, direct from the reservation. They lived in Wigwags, ate their own food cooked by the squaws and dressed as when at home. At Madison, at a point on Lake Monona, called Whitefish, the Indians for Squaw Point, was a party of Winnebagoes camping for the summer, fishing and making mats from the reeds.

The day their circus stopped at Madison, some bright individual suggested to the Winnebago Indians they should go and call on their brothers from the west and so they did after the afternoon show. The Sioux had taken advantage of the nearness of the circus to go to the lake to indulge in a bath and family wash day and when their rubber lined brothers arrived they were enjoying a plunge. The grunts and chatter of the squaws and the look of surprise on the faces of the half civilized Winnebagoes at their Sioux guests' response in all their feathers and gay blankets was a picture. However they met on neutral ground and soon all were chatting in their strange tongues to each other.

There was another strange occurrence that same day this time with the elephants. They had taken the herd down to the lake to give them a bath when several of the largest bulls wandered into deep water and, before the elephant men discovered it, were swimming for the opposite shore, a scant three quarters of a mile away. Two turned back at the repeated calls of the trainers but two others continued on their journey across the narrow neck of the lake followed by elephant men in row boats while others with strong chains and ropes hastened around by land. They reached the other side safely but probably never before or since had the waters of Lake Monona covered such monsters.

It was in the season of '85 that Mr. Forepaugh invaded Canada with his aggregation and started the migrations which other shows now make yearly across the border. The Adams Forepaugh show was one of the biggest in the country and one of the foremost. Its special features were most talked of in show circles and they were always fresh and new each season. Money was not spared to make the amusement end of the show as perfect as possible.

In '85 this show opened early in April in Philadelphia on a Saturday for the benefit of the school children. All school children in the city and the parents of the children were all admitted for 25 cents, and it was said that on that afternoon there were 6,000 school children at the show.

This season was a surprise not only to the public but to the show people as well. Adam Forepaugh, Jr., with only one question the greatest animal trainer in the world, had worked all the winter and brought out three of the greatest acts that any show had ever had. One was a blindfolded, the great pony rope walker who walked the tight rope high in the air every afternoon and evening.

The next were eight great dancing elephants. These eight elephants danced the quadrille as perfectly as any four persons would and it was all done by young Forepaugh standing on a pedestal and calling off the same as you would to so many people. These elephants would forward and back, swing their partners and all wait just by his calling off.

The next act was twenty-two well-bred bronchos trained to almost anything but talk. Another was a pony called Midget that did a swing trapeze act, jumping from one trapeze to another through a hoop of fire, while the trapeze was swinging high in the air.

For many weeks after the season opened everybody around the show, if they had the time, was in there to see some one or all of these four acts. Nobody around the show saw any of these acts until the first day, for all during the winter young Forepaugh worked them behind closed doors.

He was always at his work at 7 o'clock in the morning and all of these animals were put through their stunts at least twice a day and sometimes four times. They were never allowed to forget anything.

HOW CEDAR RAPIDS WON PLAYGROUNDS

STORY OF HOW CITY TOOK UP AND CARRIED OUT A PLAN TO GET THEM.

WOMEN PRIME MOVERS

Clubs Furnished Paid Directors and Secured Voluntary Helpers—The Playground as Social School.

How Cedar Rapids, Iowa, a community governed city, obtained its playgrounds through the initiative of the women's clubs, the material assistance and hearty cooperation of the city council and school board, and the help of social and fraternal organizations is graphically set forth in an article entitled "Playgrounds for the children of Cedar Rapids," which was published in the June number of "The American City." The article was written by Mrs. B. R. Johnson, chairman of the Civic Committee of the Iowa Federation of Women's Clubs and the portion of it quoted here is well worth the reading of those interested in the playground movement in Jansville.

"Starting the local playground movement in the summer of 1910, the Cedar Rapids Women's Club found its most effective work here done by a small executive committee working through already established organizations.

"The City Council extended permission to use a beautiful park, already partially equipped with apparatus. The School Board gave the use of two school grounds and buildings also one hundred dollars for equipment for each of the two grounds, and appointed one of their members to work with our committee.

"The Women's Relief Corps helped by organizing flag drills in squads of sixteen. These were pretty and interesting to boys and girls.

"The Y. M. C. A. and the Y. W. C. A. furnished some apparatus.

"The library supplied suitable material for the story hour and helped

JANE ADDAMS, Chicago, Ill. The first playground in Chicago was at Hull House.

with stories told to children. "The Women's Club furnished paid directors and secured voluntary helpers among college girls, about sixty of whom covered part or all of their time during August to playground work.

"The three playgrounds were kept open from 9 to 12 a. m. and 1 to 4 p. m., over day except Sundays. The attendance averaged about three hundred for each day.

Public Sentiment Aroused. "As a result of our work during the summer, public sentiment so favored the movement that in the fall of 1911 a new department was organized by the school board and a director of playgrounds and physical training was put in charge for the year, being retained for the summer (1912) likewise. New features are being added by the Park Commissioners at Riverside Park, two new ten-

(a) A FIELD DAY RACE.

nis courts and a simple swimming pool with dressing room and shelter house conveniences.

"During the winter of 1910-11 a municipal ice rink was opened. The Council at the request of the Women's Club agreed to care for, to light, police, and keep free from snow a certain tract on Cedar Lake. This year we hope to add a toboggan slide and shelter house.

West Coast Activity. Every California municipality of 800 inhabitants and over has a playground or will have one within the next year or two; all the large cities have special playground commissions provided for by their charters. Oakland has spent about half a million for playgrounds, and has ten playgrounds, 5 in parks and 5 in school yards. Seattle has already spent more than \$500,000 for this purpose and has purchased 20 acres, twelve of which have been improved and equipped and are now under supervision.

The city has three up-to-date recreational field houses and a large municipal bathing beach.

Madison Playgrounds Open.

After two weeks of hard work, the Burr-Jones playground at Madison, is now ready for real work. It has been all rearranged. The main frame, horizontal bar, climbing ladder and teeter-ladders have been moved on the Washington avenue side. There have been many new things put in the playgrounds, among which are the volleyball court, soccer frame, giant stride, baseball back stop and sand pits for small children and for jumping. The whole play ground has been levelled and rolled, making it equally as good as the Pittsburgh playgrounds. The Burr-Jones field has one of the best baseball diamonds in the city.

The play grounds at the different schools, were opened Monday under the supervision of the directors. During the remaining part of the week the directors organized the children into teams for games of indoor base-

(b) A POPULAR PIECE OF APPARATUS.

ball and volleyball.

Daily programs have been arranged for the playgrounds, different activities being provided for each hour. These will consist of the teaching and supervision of games, calisthenics and apparatus work, folk dancing and story telling for girls, instruction to children in sand work, junior playground ball league games for boys, coaching all children in the events which make up the efficiency tests, volleyball league games, basketball games, and ball games for older boys and men.

Experiences have shown that young men and women working in the factories will use the playgrounds in the evening if the grounds are made

available and somebody is placed in charge. In Youngstown, Ohio, the attendance during the evening was one-fourth larger than at any time during the day.

Playground as Social School. Ways in which the playground director can influence the character of children, teach them habits of cleanliness and courtesy, and cultivate a sense of fair play are described by Fred W. Dickens, playground director at La Crosse, in the issue of the La Crosse Tribune for Monday June 21. He says in part:

"The director is put in a position where many social ends may be attained. He may encourage cleanliness on the part of the children by appealing to and cautioning those who are careless—he may not choose those who are unclean for leaders or may show preference, occasionally, intermingling with a good deal of tact, to those who look neater than others. Cleanliness may be further encour-

aged by having occasional inspection of his teams, getting the captains to take pride in the appearance of their men. Also he may very effectively teach politeness. The children learn through imitation so this end may be attained by the director using polite expression in games and insisting on politeness to himself and to all officials and opponents. The children learn their first lesson of obedience to law from the director. He teaches them to live up to the rules of the game because they are the rules and because it is the sportsmanlike thing to do rather than for fear of punishment.

Loyalty is another element of social training which the instructor has under his control. He may teach them this important principle very easily on the playground, at the same time never being so partisan as to obscure the rights of opponents or the courtesy due them. The attitude of the director is apt to determine the attitude of the children. Justice, to all and the greatest good to the greatest number is the motto of the playground and it is not long before the children are taught of the rights of others. Honesty and truthfulness are learned through the director's kindly suggestion of right and wrong ideas in games and in all activities. Determination to succeed in all things undertaken may be effectively taught by a word of encouragement on the part of the director when any one tries a "stunt" or falls or a team of the ground wants to quit when the opponents are far ahead of them.

From these considerations one may easily see the importance of having a play leader, the responsibility of his position on the playground and the wonderful possibilities are open to him for the doing of good.

Whitewater Playground. Whitewater's play ground was opened on Monday under the supervision of Gen. L. Miller of Indianapolis with Miss Rosa Marr as assistant on the girls' afternoons, which are Mondays, Wednesdays and Fridays.

BOTH PHONES 109

ARE YOU READY for that LIFE POICLY

SEE US NOW!

Some men pay \$10 to \$20 per year just to carry insurance. When the year is gone their money has no more value to them. Why not SAVE your money by investing it in a twenty-year endowment policy in the AETNA LIFE INSURANCE CO., one of the biggest and strongest of all the old line companies? At the end of the insurance period you will get it all back with interest. During the period you will have been insured. It's like building a house on the monthly payment plan compared to paying rent. The renter has his receipts, the other man has the house.

One man pays for insurance each year and has his receipts. The other man takes out a 20-year endowment policy and he has his entire capital with interest.

The man who has a 20-year endowment policy can borrow money on it the same as the man who owns his own home. The man who has a 20-year endowment policy SAVES it. Investigate our policy NOW, today. It's a great comfort in after years. It's a protection to your family. It's a money saver!

If the policy is in force one year, it is incontestable EXCEPT FOR NON-PAYMENT OF PREMIUMS.

Age 23	PREMIUM				
	Ext. Ins.	Pure End.	Paid up Policy	Cash or Loan	
At end of year.					
2	6	342	...	\$ 88	\$ 50
3	12	236	...	147	85
4	18	204	122
5	24	261	161
6	30	318	201
7	36	375	243
8	42	432	287
9	48	489	332
10	54	546	380
11	60	603	430
12	66	660	483
13	72	717	539
14	78	774	596
15	84	831	657
16	90	888	720
17	96	945	785
18	102	1002	854
19	108	1059	925
20	114	1116	1000

You can borrow money of this policy as per Table at age 23. At end of second year \$50, third year \$85, etc. You can apply the loan as payment of premium. If two or more years full premiums have been paid and there is no indebtedness on account of loans, the policy will be extended as temporary insurance for the full sum insured, including dividend additions, for the length of time shown in the table under the column "Extended Insurance," and at the end of the 20 years the company will also pay in cash the amount in table "A" under the column "Pure Endowment." As an example:

Suppose you paid four years and then stopped; you would receive 16 years of \$1000 insurance and \$31 in cash at the end of that time; at 5 years you get 15 years' insurance and \$107 cash, etc.

If the policy should lapse for non-payment of premiums it can be reinstated at any time within five years by paying the amount due with interest, if satisfactory evidence of insurability is furnished to the company.

Suppose you become totally disabled from sickness or accident, or become blind or if you lose both hands or both feet or one hand and one foot on payment of one year's premium, then your premiums on this policy stop and the company pays you one-twentieth of the policy each year until the full sum of the policy has been paid, or pays all in one sum if you let it accumulate.

Freedom from Restrictions. The contract is free from conditions as to residence, occupation, travel or place of death. Grace in Payment of Premiums. Grace of thirty-one days during which time the contract will remain in full force, will be allowed.

NO MAN CAN AFFORD TO BE WITHOUT INSURANCE

Think of the benefit it would be to wife and family or mother, if you should be called by death. Think of the great amount you would get all in one sum at the expiration of the policy, and then consider that it really costs you nothing except the interest on the money you would be saving. Read over the above carefully, see how you can borrow money on the policy, how it will carry itself, how you can be reinstated within five years if you should lapse.

INSURE YOUR WIFE

and make the \$1000.00 payable to your child, you will be saving just that much money and all during the twenty years your wife is insured. Every rich man is insured heavily, every poor man needs it even more.

Many men are insured, but their wives are not, yet no man would insure one-half of his house and not the other. Insurance is as necessary on the mother of a family as on the father.

Now is the best time to consider this matter. Every day, every month you put it off you are getting older—your rate is getting higher and no one knows when it will be too late.

Life insurance is a privilege. If it is within your reach today secure it today—tomorrow may be too late. We write the best policy in the world and with one of the strongest, old line companies.

If you take out a policy with us you deal with an agency that has been established 44 years, an agency that has looked to the interest of its clients in a most thorough manner. During these 44 years of experience we have found that our companies are of the best in the world, and that it is wise to deal with a permanent established agency. Take out a policy with us and it will mature with us. Don't deal with an agent who is here today and gone tomorrow.

Write us to send you a sample policy so that you can read it over carefully, or if you prefer, we will call and explain the policy to you. Fill out the coupon right now.

Do not let this important matter go another day.

Gas Talks For Home Builders
THE HOME ILLUMINATION

Specifications—GAS SERVICE.

Recommendations—Provision should be made, especially where the walls are very thick, for the entrance of a Gas Service pipe through the foundation walls.

Remarks—If this plan is carried out it will save even the slight annoyance of having the walls cut into later on because you will be convinced sooner or later that Gas is a necessity in every house.

NEW GAS LIGHT CO.
Of Janesville.

The Home Beautiful

DESIGN NO. 61

This Bungalow is of the extreme shingle type, all outside trim being rough just as it came from the saw, it gives rustic appearance that is pleasing, and of which we never tire. The rooms are arranged with the idea of convenience, while the casement windows which so many admire opening outward, makes the windows as nearly weather proof as the sliding windows.

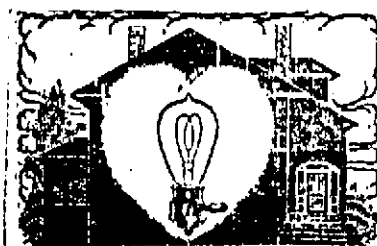

The brick mantel in the corner of the living room, adds to the rustic appearance of the exterior, and harmonizes well with the semi-mission finish of the interior. The buffet in the dining room adds much to the appearance of the room as well as the convenience, and may be provided with sliding panel to the pantry. The work table in the pantry is provided with flour bin and three drawers, and has cupboards on the sides. The kitchen is one of nice size, and has inside cellarway under front stairs.

On the second floor, is the bath room, and two large chambers, each provided with a large closet, and an extra closet, opening from hall. There is also a door opening into the screen balcony, from this hall. The screen balcony is provided with ash for winter use, when desired. The bath room is also provided with a linen case which adds materially to its value.

This house with three rooms finished in oak, and balance of house in yellow pine, can be built for approximately \$2100.00 to \$2500.00.

Size 26 ft. x 36 ft.

CONCRETE RESERVOIR AT ROCKFORD READY

Addition to Waterworks System Will be in Use Next Week—Estimated Cost \$13,000.

The new reservoir for the Rockford water supply, located at the waterworks, across the drive east of the old reservoir, was completed as far as the main concrete work is concerned Saturday night. The "pouring" of the concrete dome which covers the big water chamber ended then. The cover consists of a low dome, a steel reinforced concrete surface, strong enough in its own construction to stand without support, but having additional strength in place which rise from the floor to the girders on which the concrete roof rests.

With the completion of the concrete work, comparatively little remains to be done. The reservoir is expected to go into use next week. The concrete work is of the monolithic order; the floor being of one piece; the wall two sections and the roof a fourth; each being virtually a single unit. The work required 1,000 barrels of cement, 60 cars of gravel and two cars of steel for the reinforcement. Five cars of lumber were employed in making the forms into which the concrete was poured. The capacity of the reservoir is 800,000 gallons. The estimate for its cost as named in the appropriation was \$13,000. It is expected that it will be completed within the appropriation.

RACINE MAY PURCHASE MORE PARK PROPERTY.

Although not mentioned in the annual report of the park board, just issued, it is known that negotiations are in progress for the purchase of approximately ten acres of property at Cedar Bend, formerly occupied by the Miller brick yard.

The Miller tract is directly opposite Riverside park and the Cedar Bend meadows, and would form a valuable addition to Racine's park system, because of the splendid view it would afford from the bluff on the other side of the river.

The park board has been negotiating with Dr. Brown for the past week and it is expected that the deal will be closed in a few days as a price has practically been settled on.

Adjoining residents are highly elated over the prospects of having this property turned into a park, as it is especially adapted for playgrounds. The water at Cedar Bend is deep and clear and would afford ideal swimming pools for the boys, and a public basketball diamond, could also readily be laid out at this point.—Racine Times.

OLVIDERE MACADAM STREETS SPRINKLED WITH OIL BY CITY.

Macadam streets in Belvidere are being sprinkled with oil by the city. The work is done under the direction of Superintendent Homer Kennedy. A Wabcoford does the sprinkling, using the wagon regularly equipped for sprinkling the streets with water. The oil is white and sufficiently light in density to admit of sprinkling by the ordinary method, being in consistency about that of kerosene oil.

The property owners pay for the oil and the city the expense of sprinkling the streets. A tank car containing

8,100 gallons of the oil was delivered at the Standard Oil station at the Y. and the oil was hauled from that point. The consignment will be about all used up when the jobs are finished.—Belvidere Republican.

WESTRUMITE PAVEMENT GIVEN TRIAL IN ANTIGO.

Clermont street was opened up this morning for travel and it has been a busy thoroughfare during the day. Many automobile drivers are taking delight in going up and down the street.

The Westrumite furnishes an elastic and firm footing for horses and seems to be proving satisfactory in every way. Westrumite, like asphalt softens in warm weather and shows the marks of horses' hooves but these marks are not permanent. The board of Public Works are very well satisfied with the street and it is possible that after trying it out for a year or so that they will have more put in on some of the principal streets of the city.—Antigo Journal.

AUTOMOBILE FIRE TRUCK USED TO STOP RUNAWAY.

(Oak Chaire Leader)

The new city fire truck demonstrated its ability to stop runaways in addition to its fire fighting powers yesterday morning. While escorting the St. Paul boys about the city a team attached to a farmer's milk wagon on the north side became frightened into a frenzied run away when the truck was a block distant. It was seen on the instant that disaster would soon result if the horses were not speedily stopped, but before they had covered a block more the fire truck had overtaken them and E. J. Bullis risked his life in a daring leap from the swiftly moving auto to the rig and brought the team to a stop.

First Asphalt in Green Bay. Main street in Green Bay will be paved with asphalt this summer, this being the first pavement of that kind to be put down in that city.

Lights at Cathing Beach. The new electric lights at the municipal bathing beach will be turned on for the first time this evening. Over 300 electric bulbs have been strung on the wires. The lights are in a circle, so that the whole beach is illuminated.—Racine Times.

Want Auto Fire Truck.

The city of Sterling, Ill., is investigating automobile fire trucks with a view to purchase, and the Fire and Water Committee of the city council and Fire Chief recently made a visit to Chicago for that purpose.

Fire Apparatus for Madison. The fire and water committee of the Madison council has decided to purchase a Seagrave auto combination engine and hose wagon for Engine house No. 2. The bid made by the Seagrave company, whose factory is in Columbus, Ohio, was \$5,575 which included the nickel plated work.

City Hall for Winneconne. All the preliminaries connected with the building of a city hall at Winneconne, have been disposed of and City Clerk Louis Lind of that place is now advertising for bids for the construction of the building.

The Reward. I am to see to it that the world is better for me and to find my reward in the act.—Emerson.

SAYS DROUTH WILL INJURE THE CROPS

Forecaster Foster Predicts Rainfall In July Will Be Light In All Sections of United States.

(Copyrighted 1912 by W. T. Foster.) Last bulletin gave forecasts of disturbance to cross continent July 1 to 5, warm wave June 30 to July 4, cool wave July 5 to 7. For that week about normal temperatures, with an upward tendency, are expected and not much rain anywhere on the continent.

Identities are that heavy rains will fall in Cuba and parts of Mexico. Where the rains concentrate along those southern latitudes, a deficiency of moisture occurs in more northern latitudes. I have good records for Key West and they indicate more than usual rain for that section during July. East of the Rockies the indications are that rainfall for July will be deficient in two-thirds of the sections.

If I am correct in this calculation we may expect higher prices for all agricultural products. I am still of opinion there will be no financial depression, I expect the business conditions to improve and it they do that will also tend to increase the prices of agricultural products. I am greatly interested in this question. If supply and demand are permitted to control prices my weather forecasts will soon be immensely valuable. But the manipulation of prices by millionaire speculators and the depression in business, brought on by the money king of Europe and America, give my weather work but little chance to be appreciated.

The volume of future agricultural products should have great weight in determining prosperity. These indications will, in a general way, indicate the volume of 1913 agricultural products and this will be immensely valuable to the general public if the money kings keep their feet out of the trough. But if they are still permitted to manipulate them the best forecasts possible cannot be so valuable.

Next disturbance will reach Pacific coast about July 5. A cool wave will cross Pacific slope about July 7 to 9, eastern sections 10. Warm wave will cross Pacific slope about July 5, great central valleys 10, eastern sections 12.

This disturbance will bring the best period of 1912 particularly in the great central valleys. The dreadful hot winds that sometimes destroy the crops in parts of the great central valleys are expected to make a call during the passage of this disturbance. This peculiar weather feature made its appearance in the southwest and also west of the Rockies first week in June. During this July disturbance it is expected to locate farther northward.

My July monthly charts predict severe weather from about July 5 to 14. This will be manifest in various ways. Some sections will have excessively hot and dry, others will probably get torrid, further south the dreadful hurricane will make a call and for to the northwest a cool wave going almost to front line is expected. On north Pacific coast it will be too cool for comfort while on Atlantic coast we will be suffering with extreme heat.

My calculations show four high temperature waves for the summer

as follows: June 1 to 5, July 6 to 13, August 1 to 15, September 14 to 21. Very low temperatures are marked for near June 22 to 26, July 19 to 22, August 17 to 21 and September 25 to 30. This last period will bring severe northern frosts.

I urge every one interested in these weather forecasts to write to congressmen requesting that some means be provided to care for the Smithsonian weather records now in the fireproof vaults of the U. S. weather bureau. These vaults are covered and in a very inconvenient place.

SIDEWALK SKETCHES.

By Howard L. Rann.

Lightning is a form of sudden death which never finds it necessary to strike anybody twice in the same place. It is a very treacherous article, as it is liable to hit a man in an oak tree when he is several miles from a plumb line. Nobody has ever played with lightning except a degree of a cross except Benjamin Franklin who had been postmaster general and was lame.

Whenver Benjamin Franklin grew tired of distributing fourth class postmasters where they would do the most good, it was his wont to go out and place a little lightning out of the atmosphere with his bare hands, at the end of a little string, after which he would take it home in a plumb line and leave it lying around on the sideboard. Mr. Franklin always said that lightning would never hurt anybody who did not run into it. We have much to thank lightning for. For one thing, it has given us that most of a table and tenuous emblem of industry, the lightning rod, which goes along life's rugged path scattering pictures of proof, and promissory notes. Then again lightning, when properly directed, supplies a great many people to collect in fire insurance. It is the value of the insured. The lightning rod is a shining mark for lightning, which corners her next to a barbed wire fence and renders her into portership steak at a very fair rate of speed. Men who have studied the habits of lightning say that if anyone wishes to find out what it feels like to be electrified from the chin down he should stand in an open doorway and allow a few thunderbolts to bounce off his person. Lightning is generally preceded by a clap of thunder which can be heard with the naked eye, after which there is a brief period of calm and then a sound as if somebody was repairing the roof with a pickaxe. When lightning is a puny fellow, a variety which causes timid people to sit up in bed and guess them in the daytime. A display of chain lightning, which strikes its head in at the window and runs out a forked tongue, can induce a man to chuck his mode of life quicker than a protracted meeting.

Whenver Benjamin Franklin grew tired of distributing fourth class postmasters where they would do the most good, it was his wont to go out and place a little lightning out of the atmosphere with his bare hands, at the end of a little string, after which he would take it home in a plumb line and leave it lying around on the sideboard. Mr. Franklin always said that lightning would never hurt anybody who did not run into it. We have much to thank lightning for. For one thing, it has given us that most of a table and tenuous emblem of industry, the lightning rod, which goes along life's rugged path scattering pictures of proof, and promissory notes. Then again lightning, when properly directed, supplies a great many people to collect in fire insurance. It is the value of the insured. The lightning rod is a shining mark for lightning, which corners her next to a barbed wire fence and renders her into portership steak at a very fair rate of speed. Men who have studied the habits of lightning say that if anyone wishes to find out what it feels like to be electrified from the chin down he should stand in an open doorway and allow a few thunderbolts to bounce off his person. Lightning is generally preceded by a clap of thunder which can be heard with the naked eye, after which there is a brief period of calm and then a sound as if somebody was repairing the roof with a pickaxe. When lightning is a puny fellow, a variety which causes timid people to sit up in bed and guess them in the daytime. A display of chain lightning, which strikes its head in at the window and runs out a forked tongue, can induce a man to chuck his mode of life quicker than a protracted meeting.

Lightning is a form of sudden death which never finds it necessary to strike anybody twice in the same place. It is a very treacherous article, as it is liable to hit a man in an oak tree when he is several miles from a plumb line. Nobody has ever played with lightning except a degree of a cross except Benjamin Franklin who had been postmaster general and was lame.

SNAPSHOTS

The Man at the Complaint Desk

Heat, a picture of patience, at the complaint desk. It was not only the official spot of the store, but it was a sort of adjustment bureau for all the mishaps and odds and ends of shopping life. The customer might make a complaint here, exchange a ten-cent tin pan for a five-cent one, throwing in a valuable explanation of why she preferred the five-cent kind, or get a razor sharpened. Evidently life had done its worst in placing a human being at such a post.

But knowing that politeness was the chief asset here, he had stocked up with a liberal supply. It was an icy, ungenial kind of politeness, but even the most enraged customer could not say he was not polite.

"I want this razor sharpened," said a customer.

"Name, please."

"Now be sure to—"

"Address?"

"I want it done carefully—"

"Charge or C. O. D.?"

"I haven't a charge, but you can charge it. It will be only about fifteen cents, won't it?"

"We had better send it C. O. D."

"Now, be sure—"

"It will be perfectly satisfactory."

"I hope so, I don't want—"

"You will have no cause for dissatisfaction. Thank you. Good morning."

"How that boy come back with that exchange slip yet?"

"Not yet, madam. I am very sorry he is so long. Take a seat and make yourself comfortable."

The woman looked at the hard bench and sniffed.

The telephone bell rang.

"Hello! It will be there today. I—"

Customer breaking in, "I want to get these scissors sharpened. And the last time, young man—"

"Yes, madam. Just wait a mg. ute." Over the phone, "Yes, I am very sorry you were inconvenienced. I'll be there today, sure."

"Yes, madam. I'll attend to the scissors in a moment."

To the phone, "No trouble at all. A pleasure. I wish it could have reached you yesterday. Good morning. Now madam. Name, please."

"The last scissors I had sharpened here—"

"Yes, Address?"

"Didn't stay sharp a week—"

"Charge or C. O. D.?"

"And I want these done better this time."

"They will be perfectly satisfactory. Bring them back if they are not."

"I haven't time, young man, to be trapping—"

"I'll look to it myself that they have special attention. Thank you. Good morning."

And so it went, hour after hour. He sat there holding himself well in hand, never forgetting his "Thank you," his "Good morning" or "Good afternoon," no matter what the customer said to him. And what some of them said to him was a plenty.

But when he got out of that store, if he didn't let off steam in some way, he was fully ready to be translated. For this wasn't natural politeness, it was forced politeness, and a strain like that all day needed a reaction of some sort. If he went on a regular language spree, he would be excusable. If he growled at his wife from the moment he entered the front door until he fell in the arms of Morpheus, he ought to smile with delight that the reaction was taking no more serious form than this. Indeed, his wife ought to provide a room where he could break furniture and wreak all the damage he could, where he could use language that was red and purple and brilliant orange, where he could get out of his system all the day's accumulation of bitter desire to answer back and tell people what he thought of them, and all such virus. For if it doesn't get out, he's either ready for the next plane, or there'll be spontaneous combustion of some kind sooner or later.

So the wife of the man at the complaint desk ought to sit nearby for a time and listen. Then she should steal softly home and fix him up a profanity room where he can each night come back to normal madness.

Barbara Boyd.

Heart and Home Problems

MRS. ELIZABETH THOMPSON

Dear Mrs. Thompson: My daughter, aged sixteen, is getting so odd that I cannot understand her. She is moody and sometimes will hardly answer my questions. Other times she is hilarious, and when I ask her what makes her so happy she says she doesn't know—she just feels good. And sometimes she will sit with her hands folded and just look ahead of her, and if I talk to her she doesn't hear me or she jumps as if I had stuck off a gun. What can I do with such a girl? She is beyond me.

MRS. M. P.

Think back of the time when you were sixteen years old and ask if you can't put yourself in your daughter's place just now. Forget that you are grown up and remember how you felt when you were just starting to grow up; when everything about you was in a sort of tangle; when you were getting rid of your girl notions and just starting in to understand the bigger things of life; when you had feelings you didn't understand and when you laughed or cried without knowing why. Every girl goes through a period like that, and the who mother is sympathetic. Don't ask your daughter questions or let her feel that you think she is acting queerly. Be gentle with her. If she cries be sympathetic and let her a little. If she laughs laugh with her, just as if you understood all about it. Fall in with her whims. Talk to her about interesting things and try to get her interested in household matters—a little housework will be good for her if you will keep it out of the line of drudgery. Try to be her companion.

Dear Mrs. Thompson: Please tell me what to do for moles or warts on the face. The warts are not very big—they look like clusters of pinpoints. I've tried a lot of different things, but nothing seems to rid me of them.

I do not know of anything which you can safely use yourself. About the only way to eradicate warts is to consult a reputable beauty specialist. I have known some people to tear their faces terribly by using corrosives in the effort to remove moles and warts.

Dear Mrs. Thompson: Will you answer direct if a self-addressed stamped envelope is sent? I am a young woman and greatly distressed and desire your help. OLD ROSIE.

Certainly I will, my dear.

HOUSEHOLD TALKS

by
Henrietta
D. Graue

Cook books in most instances direct that beef stock be prepared for use by mingling together onions, carrots, turnips, and other vegetables at hand, all sorts of herbs, including parsley, celery, nutmeg and bay leaf. The fully of such a hodgepodge may be seen at a glance. Soups made so can have no individuality of flavor, and the dinner soup (one of the same combinations of flavors). For that reason stock is best when made as directed in the first of this series on soup making, being merely seasoned with best liked sweet herbs, salt, pepper and celery salt. When ready to use add the vegetables desired if they are old or for any reason seem

The Evening Chit-Chat

BY RUTH CAMERON

LISTEN.

LISTEN. No, I am not going to tell you anything startling. That's just the topic of my remarks. How few people ever willingly do much listening in all the course of their lives! And yet how much can be accomplished by clever listening at the right time!

When you don't know what to say, don't say it. Don't stumble into banal commonplace or tedious "breaks." Just for the sake of talking. Simply close your lips, open your ears, look wise, and—

Listen. Then you will get the reputation of being tremendously reserved and of having literally unapproachable stores of wisdom hidden away in your mind. Again, when anyone says something which you do not understand do not be too prompt to display your ignorance by asking for explanations. Instead, draw him on, make him talk some more on this subject, and—

Listen. Very soon he will explain himself, and you will not have had to betray your ignorance.

Somebody has said, "If you cannot make a woman love you, fill her full of self love and all that runs over will be yours." In like manner, if you want to make anyone, man or woman, enamored of your wit and intelligence, fill them full of overflying admiration for their own cleverness, and all the good feeling that runs over will be yours. And the best way to do this is, of course, to get them talking on some congenial subject, and then just—

Listen. Let him say all the foolish, undignified things while you just listen and smile. You will find that no words you could think up would so encourage him as that impeccable air of listening which not the forest of his attacks can pierce, but which sends them all back booming like to lodge in his own tempestuous heart.

These are a few of the occasions when the listener has the better part. Only a few. To enumerate them all would take quite too long. But if you will learn the fine art of listening, you will soon find plenty of opportunities for practicing it.

So whenever you don't know what else to do, and often when you think you do, close your lips, open your ears, look wise and—

Listen.

Going away for your vacation this year?

Have you been planning and saving for that, for so, then many weeks? Well, I hope you'll have the best sort of rest, whatever you do.

A good time and a good rest are different things for different people. Some folks say they can't see how anybody can have a good time or a real rest rushing around the country, trying to squeeze a two month's trip into two weeks.

But sometimes that sort of vacation is the very thing to wake up a girl or a man—especially one who has been scrambling along in routine work, leading a daily life of such regularity that there never seems to be anything new in the world.

Such people absolutely need the kind of "rest" that comes from a bustling two week trip. They need the exercise, mental and physical of making trains at odd hours, of planning to make connections, of spending perhaps, half a sleepless night in a hotel, and a day racing around a strange town between boats. They need the exhilaration of seeing strangers, and it makes them bigger, and to see how people live in other cities and in parts of the country where customs are different from those

No Explanation There.

Many a man is living within himself merely because he requires little room.

Consolation.

The deaf man may yet console himself that his ears serve many purposes, including the supporting of his spectacles and pencil.

The KITCHEN CABINET

TO THIS attentive eye each moment of the year has its own beauty, and in the same field it beholds every hour a picture which was never seen before, and which shall never be seen again.

—Ralph Waldo Emerson.

PAPER BAG COOKERY.

One must to keep up with the times, have some experience in cooking in paper bags. It is quick, satisfactory and economical and the ideal way of cooking meats, as the flavor is all in the meat, not passed off in the oven or air. It prevents waste, as the meat weighs as much when it is taken from the oven as it did when put in.

One of the beauties of this system is that the food cannot be looked at, and the only care is to keep the oven at a good temperature for the dish baking. Care should be taken in opening the oven if a gas flame is used, for a sudden draught from a window or door may ignite the bag. When such accident occurs, turn off the gas, remove the bag and place it inside of another. If left a few minutes to make up the loss of time, everything will be right.

There are any number of points in favor of paper bag cookery: no dishes to wash after roasting a fowl or cooking a stew, a perfectly clean, sanitary bag, free from microbes, to use, no odor from the cooking and no oven to watch.

Paper bags made for the purpose are on the market; the ordinary bag is not satisfactory as it is not strong enough and it leaves an undesirable flavor in the substance cooked in it.

These bags may be purchased of any merchant, or he will be glad to keep them as they are becoming more and more popular as they are known.

Directions for using come in each package. Care should be taken in placing meat with sharp skewers or bones that will pierce the bag.

The bag should not be moved when put into the oven, as the heat makes it very tender. When ready to take out, place a pan under it and draw out gently on to it or the platter on which it is to be served. Open the bag and remove the contents. One mistake which is made by many is that of putting the filled bag into a pan. It should be placed directly on the iron rack, so that the heat has free access to every part of it. If the bag bursts, slide it into another, keeping a pan on the bottom of the oven to catch all the gravy that escapes.

Duel Has Happy Ending.
At Edinburgh, two Italians met at midnight to settle a dispute. Having but one pistol, they drew lots to see which one should shoot first. The winner fired and missed, and then politely handed over the pistol to his adversary. The second shot likewise proving abortive, the bloodthirsty combatants fell upon each other's necks, then quit the field arm in arm.

Cook Fish In Union Cookery Bags

Get All the Delicate Flavor

YOU want every food to have its own flavor. You want fish to have all its own flavor—none of it lost or transferred to other foods cooked in the same oven. To get the most palatable quality of properly cooked fish, there is just one way—cook it in the Union Cookery Bag.

Prepare and season the fish in your usual way. Then place it in a moistened Union Cookery Bag—without any dish or pan. Seal the edges of the bag by folding—and fasten with ordinary pins or wire clips. Place the filled bag on a cold grid or on a perforated shelf which has been taken from the oven before heating—and then slide into the oven. Have the oven just moderately hot. Let the fish cook the length of time given in the directions which come with the bags. Or, test the cooking by piercing the bag with a long needle or hot pin. When done, draw the bag off the grid or shelf on to a plate or platter—all the bag open with a knife, remove it from around the fish—and you will have the most perfectly cooked fish you have ever served—full of flavor and richly browned.

In addition to cooking every food—meats, fish, fowl, vegetables, pastry, bread—far better—Union Cookery Bags save the labor of washing up pots, kettles, and pans after every meal; save 25¢ of fuel costs by requiring less heat; and save your grocery and meat bills—for you can buy the wholesome cheaper cuts of meats and cook them deliciously tender in Union Cookery Bags. Also, every ounce of food you buy goes on to your table instead of being lost by evaporation and drying out as when cooked in a pan.

A Free Book— with many recipes, with expert chefs in Europe and America—has just been published, telling you everything you want to know and exactly how to use Union Cookery Bags for cooking all foods. These books are on free distribution at the office of this paper. Call on our agent or write for a Free Copy of the Paper Bag Cookery Book. Be sure to get this valuable Free Book.

Then go to your grocery, meat shop, hardware or stationery store—and ask for Union Cookery Bags. The cost is only a quarter for a package of liberally assorted sizes. If no one of these dealers near you has Union Cookery Bags, insist that the one you trade with must shall get them for you immediately from his wholesale house.

Cook in Union Cookery Bags— save money, time and work—and enjoy the new wholesomeness and tastefulness of foods, so cooked that they retain all their rich flavor and nutriment. Order a package of Union Cookery Bags of your dealer today.

A WOMAN'S OBSERVATIONS

Edna K. Wooley

Going away for your vacation this year?

Have you been planning and saving for that, for so, then many weeks? Well, I hope you'll have the best sort of rest, whatever you do.

A good time and a good rest are different things for different people. Some folks say they can't see how anybody can have a good time or a real rest rushing around the country, trying to squeeze a two month's trip into two weeks.

But sometimes that sort of vacation is the very thing to wake up a girl or a man—especially one who has been scrambling along in routine work, leading a daily life of such regularity that there never seems to be anything new in the world.

Such people absolutely need the kind of "rest" that comes from a bustling two week trip. They need the exercise, mental and physical of making trains at odd hours, of planning to make connections, of spending perhaps, half a sleepless night in a hotel, and a day racing around a strange town between boats. They need the exhilaration of seeing strangers, and it makes them bigger, and to see how people live in other cities and in parts of the country where customs are different from those

No Explanation There.

Many a man is living within himself merely because he requires little room.

Consolation.

The deaf man may yet console himself that his ears serve many purposes, including the supporting of his spectacles and pencil.

WE KEEP THE QUALITY UP

This picture is shown you for the adaptability of Warner's Corsets

A WARNER'S may even be worn while bathing, eliminating the necessity of purchasing a bathing corset. They are the most flexible, wearable corsets we know, and are the only corsets, as far as we know that carry an absolute guarantee for fashionable shaping—comfortable wearing—that cannot rust, break or tear.

You may pay \$5.00 for some other make of corset and in all respects it is no better than a \$3.00 Warner's, and in comfort and wearing qualities it cannot touch a Warner's Rust-Proof. Try one. You will not hesitate to say, "The best corset I ever had."

Warner's Rust-Proof Corsets

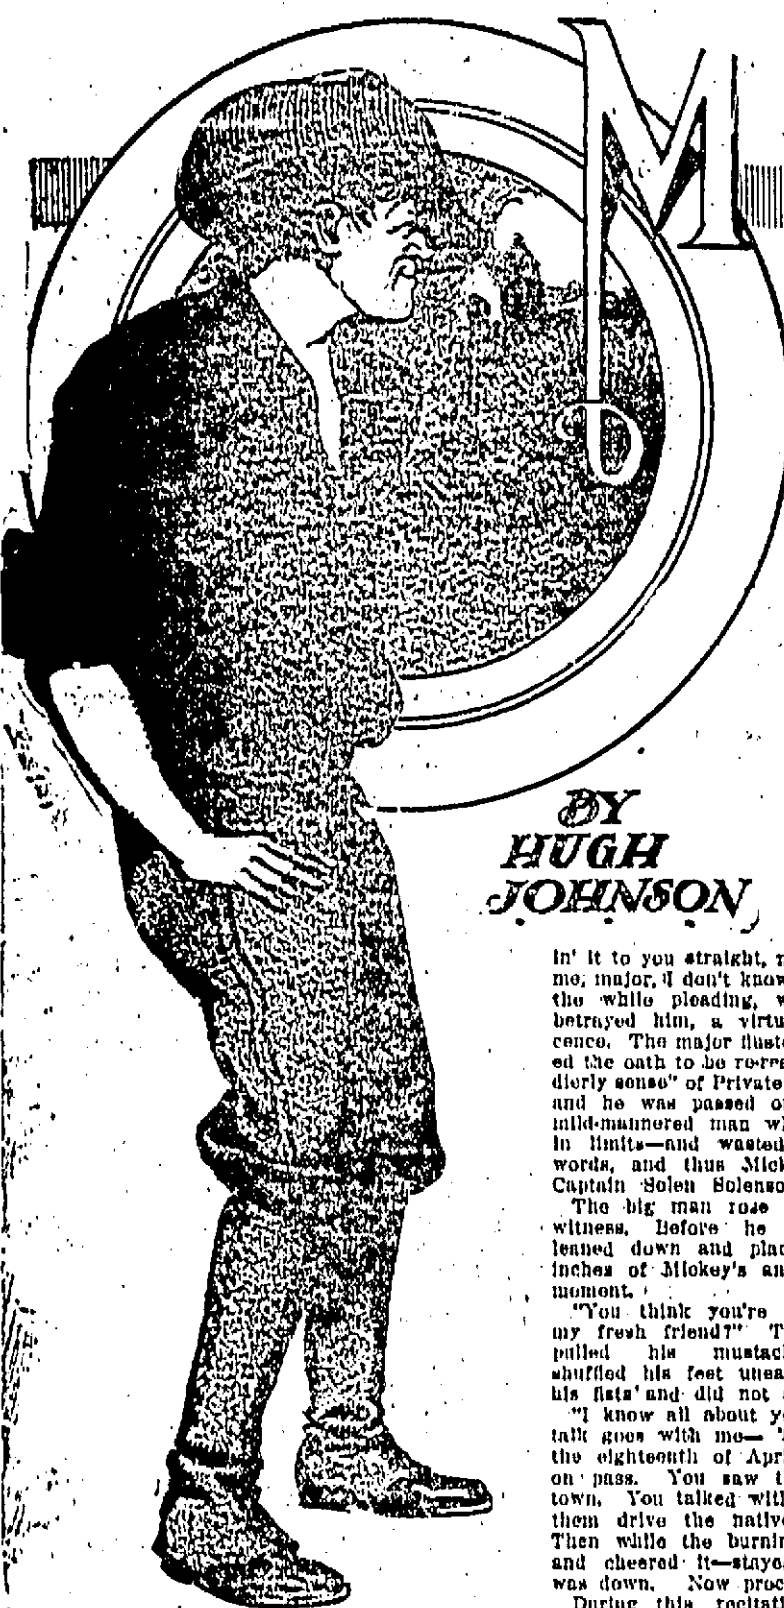

Yes, Madam,

Matchless Flour

Makes Good Pies

You can hunt the town over and you'll not find another flour that will make the same flaky crust with the same delicate "nutty" flavor that your pies baked from Christian's Matchless Flour will have.

Matchless Flour is a finely granulated flour made from a skillful blend of hard Minnesota Spring wheat and our own Red Winter wheat.

BY
HUGH
JOHNSON

In it to you straight, major, or 'You can search me, major, I don't know nuthin' about it,' and all the while pleading, with twinkling eyes that betrayed him, a virtuous and aggrieved innocence. The major flustered and fumed and ordered the oath to be re-read, he appealed to the 'solidly sane' of Private Barret, but all to no avail, and he was passed on to his own captain, a mild-mannered man who understood him—with limits—and wasted few efforts in futile words, and thus Mickey came at last before Captain Solen Solenon of the Nth.

The big man rose and walked toward the witness. Before he asked a question, he leaned down and placed his face within six inches of Mickey's and sneered at him for a moment.

"You think you're mighty wise, don't you, my fresh friend?" The major frowned and pulled his mustache. Mickey's Captain shuffled his feet uneasily and Mickey gripped his fists and did not answer.

"I know all about you. None of your pious talk goes with me—stand? On the night of the eighteenth of April you went to Paoloban on pass. You saw the men come into the town. You talked with some of them and saw them drive the natives out of the houses. Then while the burning proceeded you stayed and cheered it—stayed until the last house was down. Now proceed—"

During this recitation, Mickey's face had grown tense, all the Irish in his eyes twinkled out, and there came a cold, hard glare that met the inquirer's gaze steadily.

"If you know so much about me, why you just bull ahead an'—!" Mickey stopped short, against at his own boldness, for his words constituted an offense of impertinence almost unknown to the military system.

The face of his interlocutor became contorted in an agony of lineament. He stood crouched above the smaller man and struggled with his mind for words. At last his voice came in a tone that was almost a shriek.

"You—!" the words trailed out now in a flood of guttural abuse, black words that so shocked the gentlemen who heard them that they were for a moment at a loss. The major spoke first.

"That will do, I think, Solenon. You have allowed this man's impertinence to rob you of your self-control. Private Barret, I will give you a note, with which you will report to the commanding officer."

Mickey had been in that throne room before. The announcement came like a douche of cold water that returned to him his perspective of the things of his heided-in life and left him secure in all his ancient brazenness again.

The colonel read the note slowly and sat for a long time tapping his desk with his rimless eyeglasses. After an interminable time (to Mickey) he looked up and cleared his throat.

"Private Barret, even with all the appearances against you, you are a good—a pretty good—soldier."

In Mickey's answer, he was entirely deliberate and malicious. He explained it by an inherent dislike of "con talk."

"Oh, I know dat, your honor."

"You know it, do you?" The colonel rose in his chair as though some one had lifted him by the hair. "You know it, eh? You're the most insubordinate, undisciplined bum ever in this regiment. What do you think this office is—a police court?"

"No, your honor."

"Don't 'your honor' me again—"

"I meant 'colonel' I didn't mean dat, sir."

"Very well, don't say it again. As I say, you are a pretty good, a fairly good soldier; that is, you have some good points. But sometimes you are a mighty worthless soldier. Just now you are a bloody bum. Nothing could have pleased Mickey more. The cockatoo crest quivered. "And when you went before a board of officers under oath and failed to tell the truth, you were a down right scoundrel."

"Now, a lot of soldiers went down to Paoloban like a band of howling red Indians—went into a peaceful native village in the dead of night and fired it in ten places so that it burned in an hour, depriving four hundred harmless, helpless people—"

"Don't alit' helpless, harmless, people, colonel," interrupted Mickey, with scorn, "dat was de worst gang of strong arm men, knock-out dropers, short change artists, an'—"

"Silence," roared the colonel, who was working himself to a vengeful fury by his own recital. "Helpless, I say, and harmless, cast almost naked into the world by a lot of disolute ruffians—by my own regiment, sir, the Nth Cavalry—the cleanest, dearest, hardest fighting outfit in the Regulars, with the best record—until now—now its reputation is gone forever—and mine, sir—mine, and every chance of promotion I ever had—wiped out in a single night by a lot of bunnies on a spree."

"You have the power to right all this and to avoid half the scandal—understand, scoundrel!"

"Sure do I. Dem things St. Peter an' an dem old guys used to wear on deir foots! Well I guess."

"You have the power to right all this and to avoid half the scandal—understand, scoundrel!"

"You have the power to right all this and to avoid half the scandal—understand, scoundrel!"

riotous— & burning— & of Paoloban— &—to the scandal and disgrace of the military service— & & & Mickey was a witness— incompetent, incredible, biased and unwilling, but nevertheless a witness, and each of the three members of the board, as Mickey said, "took their fall out of him," beginning with the bluff, good natured major of Mickey's squadron, to all of ey, with the cockatoo whose questions Mickey appealing virtuously to the ceiling, his hands gesticulating frantically from stiffened wrists, had answered, "Hawnest to Gawd, major, youse is pipin' off de wrong lay. I don't know nuthin' about it. That's hand—"

"You think you're mighty wise, don't you, my fresh friend?" The major frowned and pulled his mustache. Mickey's Captain shuffled his feet uneasily and Mickey gripped his fists and did not answer.

"Sure do I. Dem things St. Peter an' an dem old guys used to wear on deir foots! Well I guess."

"You have the power to right all this and to avoid half the scandal—understand, scoundrel!"

The colonel was none so sure about all this, but he began all over and explained from the first. "So you see, you hold the reputation of the regiment in your hands. I want you to make a clean breast of the names of all those men now, and acquit yourself nobly, of it."

"Private Barret, I want you to give me this information for the honor—of—the-regiment."

"Honor of de regiment?" Mickey kept the wide eyes of innocence. "Honor of de Regiment—wot's dat? Snitchin' on your comrades." And Mickey grinned—and left the office soon and swiftly.

The Nth attended the division maneuvers at Panay. There were parts of almost every regiment in the islands there, beside any number of observers from the foreign troops in Asia—British, French, German, and Japanese. The Americans expended oceans of blank ammunition and fought a very realistic war over two provinces. The Nth covered itself with glory and toward the end the mess gave a great dinner to as many officers of the camp as it could crowd about its tables, in honor of the foreign officers.

Mickey Barret belonged to his troop's stable crew and slept in a small shelter tent near the grain pile. With a Christy army about on a holiday two weeks from pay day, it is just as well to be watchful, and Mickey climbed in among the sacks and lay there watching the big tropical stars go swinging across the sky and thinking of a "rag" who had lived on Avenue A in the unregenerate days.

After awhile, he heard swift steps along K Troop's line. Some one kicked the blanket in his tent and said to some one else:

"All right—nobody there. You fellows crawl in and wait while I make sure." Mickey lay very quietly now and listened. One of the men who had taken possession of his tent was dissatisfied and complaining.

"What's the use of losin' all this time? Don't I know Solenon? Ain't I got good cause to know him?"

"Yes," shouted the other voice, "but mixin' in with officers doin' is awful bad business for book private. Brenner wants to be sure; he'll look along the tables an' if your friend ain't there, why then, we'll know that it was sure him you seen out there with his dusky bride. But if he finds Captain Solen Solenon in his proper place why—"

"There—don't I know he ain't there. Ain't I come this mornin' from seein' him. It's down at Hilario's of place—where we used to get bite when we was up here on that hike las summer. I thought jus' maybe—you know. So I goes up an' knocks at the door. 'Abri,' says I, 'Abri—eh?' No answer. 'Sube square face,' says I, an' de door opens jus' wide enough to stick a knife through, but it wasn't Hilario 'at answered. It was a woman's voice—like a cat spittin'."

"Sige soldado," it says, "Sige pronto—no got square face." But that voice—my gizzard old funny stunts with my lights when I hear it, cause I remembered the day he married her at Guadalupe. An' bino—lord. The smell of it was all over the place, so I makes a noise gettin' away and sneaks back to the window. There he was on the floor in blue shirt an' trousers, with his stringy hair in the ashes, a bottle of vino held in his arms like a baby, an' at his feet, like a slim black panther, jus' waitin', an' watchin', sat the same ol' 'Carnacion de la Cruz—jus' squattin' there an' watchin' him out uv her sleepy eyes. Fine fix for a officer an' gentleman that is. I told him my time was a comin' that day he robbed the Guadalupe church an' took the diuon's out of the staton's crown an' now—"

"Yes—an' didn't divvy up after you'd done all the dirty work. Told you he'd cart martial you for vandalism, didn't he. Oh, out you was juicy fruit. But I was easier an' binner was worst of all. We want to watch Brenner. He'd kill him."

"Killin's too good for him. We'll jus' drag him along to the edge of the festivities an' then wake him up. 'Carnacion de la Cruz' an' him'll do the rest I guess. Fine sight it'll be for this cocky Nth. This fool uv a cap'n uv thein ap-

pearin' at the feast with his wife an' in his present state—all them foreign officers, not to mention the other regiments. Here's Brenner now. Did you hear that?"

"That" was a rustle in among the grain sacks, and Mickey stood stock still, his heart at his throat. Finally he crept softly along under the shadow of a great pile of hay bales and out into the brush below the kitchens. He stopped again and listened to the talk and laughter that floated down from the camp in a deadened hum. No, it was impossible to reach his captain and he dared not call on any of his comrades for help; they all hated Solenon, and he might approach the wrong man. He found a little path through the dense undergrowth and started along it at a shuffling run.

Private Barret was a crude hand with women, but he was a good man in an emergency. He faced the dangerous eyes of 'Carnacion de la Cruz for ten valuable minutes and he only edged a little closer to the door when he saw her hand steal up under her camisa to the knife hilt that he knew she had there. Something in his eagerness finally convinced her and she stepped warily to the side of the partition door and allowed him to pass into the back room where the great bulk of Solenon's body lay limp across the floor.

"You take head—me take feet. Carry captain out in cogen grass and hide him—nab! When soldado come you no got captain—he gone; see? Soldado go 'way then—all safe." But this maneuver was never executed. As Mickey bent forward to lift the heavy shoulders, some one scratched softly on the front door and a voice said:

"Abri, eh? Abri, 'Carnacion, or break door."

Mickey crossed the floor and whispered to 'Carnacion. "You gotta hide captain by self now—nab. Me hold door five minutes—no more," and then aloud:

"Wot youse guys want out dere. Can't youse leave a muf alone. No bino here."

There was a whispered conversation without, and then a voice that Mickey had heard at the grain pile said:

"We don't want no bino an' we don't want you. We know all about you. (This was a wild guess and far-afraid.) You're Solenon's stinker, but you can't do him no good. We're after him an' we're goin' to get him. You better come out now an' not stay to get your block knocked off. Come on now."

The door began to shake violently and Mickey knew that there was no more time to be gained by parley. He stepped softly to the door, opened it quickly, and struck blindly out into the night. The man who had stood on the little landing, staggered back against a soldier below him and Mickey held the stair head. In the moment of silence that followed, he heard the rear stairs creak under a heavy load and he breathed easier.

It was a good fight there on the landing and it lasted five minutes before the three rushed Mickey together. He marched up at the man who tried to pass over him and into the house, the stairs gave way, the three went down in a crash of splintered wood.

Mickey might have endured long in the darkness under the house, for friend struck friend as often as foe, and Mickey had no friends. But a light flared up in the doorway and his advantage faded before it. A stinging blow sent him spinning out into the yard, and then the four bloody contestants stood stock still in whatever attitude the light found them, and gazed toward the house.

There in the doorway, a torch held high above her head, her long, black hair streaming about her shoulders, stood 'Carnacion de la Cruz like a vengeful Aztec, the stench of forth her this time was in the shaggy black

fingers on the ground danced and flickered up, across the white, upturned faces, and then she began to curse them. Her voice poured out in an eerie, shrieking wall that accomplished all that the unintelligible words lacked. At last Brenner recovered himself.

"Aw," he scoffed, "it's only a woman—a black witch of a squaw. Come on."

"Youse better let her alone," warned Mickey, "she'll knife you." Barret had seen more than enough of 'Carnacion de la Cruz and he watched her. Her eyes were fixed above the heads of the soldiers and her face took on a look of fear. Barret turned his head to follow her gaze.

There in the very outward rim of the light circle reared a ghastly and sinister shape that stood half-crouched in the gloom, swaying from side to side in a rhythm of rage. It was Solenon, half awakened and wholly bino crazed. Strings of his grimy white hair hung down across his blood shot eyes, and his swollen lips

fingers on the ground danced and flickered up, across the white, upturned faces, and then she began to curse them. Her voice poured out in an eerie, shrieking wall that accomplished all that the unintelligible words lacked. At last Brenner recovered himself.
